Pinchot Roads

Road supervisors and auditors of Lawrence county convened at the court house this morning in their annual convention and for a survey of labor projects and financial conditions of their respective townships.

A greater part of the forenoon was taken up in hearing reports on CWA projects, and Pinchot road building. Some dissatisfaction was expressed over the fact that men have been taken from the city to work on township projects when there were idle men in the districts. This was particularly pronounced on the Pinchot road projects.

The meeting is in charge of Milo D. Paden of Mahoning township, president, and J. W. Cox, Wilmington township secretary. It opened with an address of welcome by Assemblyman William J. Eroe, Jr., of this city. Mr. Eroe gave a review of the road bills which had been introduced in the legislature at the last session, notably the Stevenson, Parkinson and Williamson bills. Only the Parkinson bill was passed and it was briefly explained. Mr. Eroe also gave a brief

PA NEW OBSERVES

Handshaking is conventional, but not in the middle of a street. Last night Pa New saw two friends run toward each other and right in the middle of East Washington to shake hands. They narrowly missed being struck by an automobile.

Boys and girls of the Lincoln and Garfield schools are taking advantage of the "summerlike" weather New Castle has experienced the past few days. Many of the summer games played by kiddies, such as marbles and rope jumping, are being enjoyed by the pupils of the South Side institution.

Pa New heard a local man state that he was skating last evening at Lakewood, and remarked that the ice was in exceptionally good condition. Considering the weather during the past few days, one would have thought there would be no ice left, but on the ponds and lakes in the vicinity the ice was said to have been in splendid condition for skating last night.

Saves Pine Creek Baptist
Church Near Kittanning

(International News Service)
KITTANNING, Pa., Jan. 25.—Hastily organized bucket brigades today had saved the Pine Creek Baptist church, five miles from here on the New Bethlehem road from destruction by fire.

Congregation members preparing to leave the edifice after a business meeting, discovered the blaze near the roof of the structure. A bucket brigade was organized and a ladder secured.

By the time two Kittanning fire companies arrived on the scene, the fire was extinguished.

The church had been improved during the last year.

(International News Service)
WASHINGTON, Jan. 25.—Graft, greed and corruption are not so rampant or widespread within the civil work administration, as recent developments would indicate, Harry Hopkins, CWA administrator declared today as his own department and the department of justice continued investigations of charges.

While Hopkins was issuing his statement praising the "loyal and devoted" workers in the CWA, Washington police announced the second arrest of a CWA worker. He is J. G. McAlwee, a supervisor in the rent survey. He is charged with "larceny by trick," and was the immediate superior of Thomas E. Archer, already under arrest. Archer was held in \$1,500 bond, accused of having forced survey workers to pay nominal sums to get high efficiency ratings.

ST. PAUL, Minn., Jan. 25.—Nearly frantic as the eighth day dawned without any further word from the kidnapers of his banker son, Adolph Bremer, aged banker, today was in the position of appealing to the abductors to communicate with him.

Except for the original letter left at the office of Walter W. Magee demanding \$200,000 ransom no word has been received from the kidnapers since Edward G. Bremer was "snatched" in broad daylight on the morning of Jan. 17. The ransom money is ready and waiting to be paid.

Seeks Word From Abductors.

Assured by this correspondent that the kidnapers would communicate with him if they were assured he would deal fairly with them, the elder Bremer asserted that he wanted the abductors to get in touch with him immediately.

"I am not dealing with the police, and I shall have nothing to do with them," he asserted. "I want my boy back. I would like the kidnapers to communicate with me."

This self-made man who through his own labor as brewer, janitor and barrel washer in a very small establishment has built up a large brewery business, disclaims his reputation as a very wealthy man. Bremer said he cannot afford to pay the

UNIONTOWN, Pa., Jan. 25.—Blood flowed again today in the turbulent Fayette county mine war as bullets sang a vicious song of violence.

Three men, two deputies and a miner were shot and wounded, and the automobiles occupied by Sheriff Harry Hackney and county detectives were riddled with bullets during the night.

When dawn broke over the hills, George Hoover, 55, and Charles Stewart, 30, both deputy sheriffs, and Harry Dial, 32, a miner, had been wounded. None was seriously injured.

Between 600 and 700 mine employees, all members of the United Mine Workers of America, went on strike at the mine yesterday demanding the removal of Superintendent David A. Boyer and four assistants.

By WILLIAM S. NEAL
International News Service Staff

WASHINGTON, Jan. 25.—Aroused by widespread charges of graft and favoritism in the civil works administration, a group of house Democrats today were considering a drive to oust Harry L. Hopkins, federal relief administrator.

The plan of campaign under discussion calls for amendments to the \$350,000,000 appropriations which President Roosevelt will ask to continue CWA jobs for 4,000,000 men through the winter.

The chief deterrent to an active fight, the leaders frankly admit, is that the White House is standing loyally behind Hopkins.

Fearful of bringing down upon them the wrath of the administration with the election coming on, the ring leaders conceded the extent of their open fight depends upon the number of Democrats joining the movement.

Proposed Amendments.

Proposed amendments to the forthcoming bill include:

Creation of a bi-partisan board to direct the CWA.

Limitation of the types of projects.

U.S. Will Not Favor Naval Ratio Increase As Sought By Japan

By KINGSBURY SMITH

WASHINGTON, Jan. 25.—This government will view with disfavor any official proposal for an increase in Japan's naval ratio.

Furthermore, the United States intends to proceed with the naval building program for which appropriations already have been made irrespective of what proposals Japan may put forward.

This was the response of high American officials today to the announcement of the Japanese Foreign Minister Koko Hirota, that he intended to approach the United States with a view to discussing

naval issues which will come up within the next two years in connection with the expiration of existing naval treaties.

Although no communication has been received from the Japanese government as yet in connection with a naval discussion, the far eastern empire has let this government know informally it desires an increase in its naval ratio.

Tokyo reports also have stated Japan intends to withdraw from the Washington naval treaty unless granted a higher ratio.

In view of this and the fact that the United States is the nation which the contracting parties must

WASHINGTON, Jan. 25.—A dispute over control of the \$2,000,000,000 economic fund, asked by President Roosevelt for stabilization of international exchange favorable to American interests, today enlivened senate debate over the administration's new monetary gold program.

Administration leaders predicted enactment of the bill by Friday. They declared control of the fund would be left solely to the secretary of the treasury, as requested by the president. They predicted elimination of the plan, adopted by the senate banking and currency committee, creating a board to administer the huge fund.

Other Contest.

Remonetization of silver and expansion of the currency will furnish two additional contests. The silver row will center on an amendment, to be proposed by Senator Wheeler (D) of Montana, directing the government to purchase 1,000,000,000 ounces of silver and use it as the basis for issuing silver certificates. The purchasing would be suspended whenever the price of silver reaches a ratio of 16 to 1 against gold.

Senator Borah (R) of Idaho meanwhile proposed that all profits from the devaluation of the gold dollar—in excess of the \$2,000,000,000 to be set aside for the stabilization fund—should be used as the basis for issuing currency. His proposal would be mandatory on the

Yale Senior Is Found Suicide

NEW HAVEN, Conn., Jan. 25.—Classmates and police were at a loss today to explain the suicide of John Stuart Bachman, 23, Yale senior, of Nashville, Tenn., whose body was found swinging from a rope in a narrow fourth floor closet in the exclusive senior society, Vernon hall, of Phi Gamma Delta fraternity, last night.

Yale authorities said Bachman could not have been worried by his scholastic standing and his fraternity brothers scoffed at a story that Bachman had been disappointed in a love affair.

The report persisted, however, from other quarters on Yale campus that announcement of Bachman's engagement was to have been made three weeks ago but that something apparently had gone wrong.

'FLAT BROKE' SCHOOLS TO GET AID FIRST

(International News Service) HARRISBURG, Jan. 25.—More than 200 applications already have been made by needy school districts for a slice of the \$5,000,000 emergency appropriation to the Department of Public Instruction, it was learned today.

Two investigators have been dispatched throughout the state to make immediate but thorough checks of the conditions of the districts applying for funds and the first payments may be made about the first of next month.

Only school districts "virtually flat broke" will be eligible to receive any of the money this year, Dr. James N. Rule, superintendent of the department, has announced.

School districts which have not paid teachers for many months and where failure to pay tuition has barred high school students from continuing their education will be given first consideration.

Frank E. Smith gave the response to the address of welcome, in which he dwelt upon the necessity for supervisors getting together in order to furnish all the employment possible.

Chairman Paden appointed a resolution committee, consisting of Dr. J. Kennehan, of Pulaski township; W. J. Kennehan, of C. O. McClellan, of Washington.

On an election committee, F. W. Bradley, of Pulaski; W. S. Weigle, of Scott; and Charles Houliette, of Mahoning, were appointed as tellers.

Reports from the different townships on CWA projects were then taken up. Hickory township reported two or three school projects under way, and two road projects not yet approved.

Local labor is employed on the school projects. S. M. Hickory township men are working at the game farm. The number of idle men in township was not estimated.

Little Beaver township reported one project under way and one not.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards' new Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years, and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative safe and pleasant.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They help cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you should find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets.

Thousands take every night to keep right. Try them. 15c, 30c, 60c.

Bearing out his statement that he was not dealing in the police was the evident inactivity of St. Paul authorities in the case. Neither have the federal agents taken an active part in the investigation.

Law officers of this city and the nation were still "standing by" as casual observers while Bremer patiently awaited some word from his missing son.

Trace Reports.

Reports that the 37-year-old banker's failure to return last Tuesday night was due to the kidnapers' missing connections with a "contact" automobile carrying the ransom money were traced to their source. It was reported that the gang had inadvertently followed the automobile of Harry Bachman believing him to be the "contact" man.

Bachman reported to Duluth, Minn., police that two other automobiles jockeyed back and forth with his car along the highway near Hineley, Minn., and that he had difficulty in passing them.

From similar sources it was reported that the local "contact" men of the kidnap gang were waiting in an apartment in the hill district of St. Paul while Bremer was being held within 100 miles of here.

Federal agents denied reports that they were investigating these leads, explaining that they have decided to continue their policy of "watchful waiting."

government, thus insuring an expansion of the currency by anywhere from \$1,000,000,000 to \$2,000,000,000.

Administration leaders opposed both plans. They insisted both would be rejected. Neither Wheeler nor Borah anticipated victory but they were ready to force a vote for the record.

The contest over control of the stabilization fund revolved around the federal reserve board. Proponents of the committee plan, creating a five-man control board, objected to giving such tremendous power to the secretary of the treasury. Senator Glass (D) of Virginia declared it would be dangerous to give this power to a "one-man central bank."

The committee plan would place the secretary of the treasury, the governor of the federal reserve board, the comptroller of the currency and two civilians, to be named by the president, on the control board. The president was said to oppose this plan.

The conservative opposition meanwhile forced adoption of two amendments, placing time limits on operation of the fund and devaluation of the dollar. The president would be required to devalue the dollar and terminate the fund within two years, or within three years if the economic emergency continued. He was reported as friendly to these limitations.

"Legalized Robbery"

Washington, Jan. 25.—Assailing it as "legalized robbery" and "authorized looting," Senator Hastings (R) of Delaware, this afternoon launched a smashing Republican attack on President Roosevelt's new gold monetary program.

Hastings, a former judge, denounced the bill as "unconstitutional" in its provisions for government seizure of federal reserve gold. He also attacked the administration's plan to give the secretary of treasury sole control of the huge \$2,000,000,000 stabilization fund without requiring him to report to Congress.

Hastings declared the President's program was a "revolutionary in character" and "much more dangerous than the Bryan proposal of 1896." He said its adoption would mean the administration's abandonment of its pledge to maintain a sound currency.

Two important provisions of the Constitution, in that Congress undertakes to delegate to the President its own responsibility and duty with respect to coining money and fixing the value thereof, and secondly, it undertakes to legalize robbery by taking property of citizens without due process of law and without just compensation.

Hastings made a determined legal argument against the bill. He cited numerous supreme court decisions, including the case of Monongahela Navigation Company vs. United States, which Attorney General Cummings used in declaring the act constitutional. Hastings pointed out that the supreme court in that case held the government could seize private property, "but it must proceed subject to the limitations imposed by the fifth amendment (due process) and can take only on payment of just compensation."

Hastings declared seizure of gold and compensation at one-half its actual value at the time of seizure was neither due process nor just compensation.

Arrest Three For Flogging At Nashville

(International News Service) NASHVILLE, Tenn., Jan. 25.—Three Chicagoans who abducted and flogged W. L. Young, a young Nashville executive, in what police charged was an attempted extortion plot, were held here today without bond on accusations of kidnapping and assault with intent to murder.

Those held were R. L. Sipe, 24; his wife, Mrs. Mary R. Sipe, 23, and Fred Larmouth, 36, all of Chicago. J. N. Jones, 64, of Nashville, the father of Mrs. Sipe, also was arrested.

The quartet was nabbed by police as they returned Austin to his home early today after taking him to secluded spot where they allegedly stripped his clothing from his back and flogged him.

Young Austin said he was flogged by his captors until he agreed to sign a note admitting that he attempted to mistreat Mrs. Sipe here in 1932. The note, police said, was found on the boy's abductors.

It was to be seen, they said, apparently in attempting to extort money from the youth.

WAKE UP YOUR LIVER BLE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, acting when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Respect a substitute. 25c at drug stores. ©1931 C. M. C.

HOSPITAL CLUB HAS TUREEN DINNER

A delightful event of Wednesday evening was a tureen dinner for members of the New Castle Hospital Emergency club in the home of Mrs. James Eagan on Croton avenue.

There were places for 20 at a prettily decorated table and the committee serving included Mrs. John Griffith, Mrs. Mary Travers and Mrs. Julia Hanmon.

An informal evening followed with cards and conversation diversions. On the second Wednesday in February the club will meet regularly at the hospital.

A. C. T. CLASS AT JOHNSON HOME

Mrs. Grace Phillips Johnson, 221 Moody avenue, was a most gracious hostess Wednesday evening when she entertained the members of the A. C. T. Class of the First Christian church, with their husbands and friends.

A short business meeting was held during the first part of the evening after which informality marked the social period.

A most tempting menu of refreshments was served, the hostess being assisted by Mrs. E. I. Phillips, Mrs. Ezra Marvin, Mrs. Rachel Taylor and Mrs. C. H. Johnson, Jr.

The February meeting will be at the home of Mrs. Rachel Taylor, on Sheridan avenue with Mrs. William Hart and Mrs. Florence Patton as associates.

CARD PARTY FOR MEMBERS SATURDAY

Shenango chapter, O. E. S. 333, will hold a card party for members only, Saturday afternoon, January 27, in the east room of the Cathedral.

Cards and other games will be in vogue with prizes to be awarded the winners. Lunch will be served later in the west dining room.

There will be on charge for this affair, it concluding a number of social activities for the month of January.

This evening, officers of the chapter will enjoy an informal party in the home of Mrs. Quincy Davy on North Cedar street.

Scrabak-Fructu.
Wednesday morning in the St. Michaels church a pretty wedding ceremony was solemnized when Miss Helen Scerbak, daughter of Mr. and Mrs. Michael Scerbak of 14 South Beaver street, was united in marriage to J. M. Fructu, son of Mr. and Mrs. Steve Fructu of 1012 South Jefferson street. Rev. Fr. Ambrose Capitan performed the wedding ceremony.

Miss Mary Kalata was the maid of honor. Tony Aceta was best man. Following the ceremony, members of the immediate family and a few friends gathered in the bride's home where a delicious dinner was served.

A reception was held at 14 South Beaver street in the evening. Dispensing with a honeymoon at the present time, the newly married couple will be at home to their friends at 341 Shaw street.

Surprise Party.
Wednesday evening Miss Betty Brown was hostess at a delightful birthday party in honor of her sister, Dorothy Ruth Brown, it being her 15th birthday, at their home on East Washington street.

At an appropriate hour a delicious luncheon was served by the hostess. Dancing and games were enjoyed throughout the evening.

The guest list included about 20 friends of the young miss. The honored guest received many beautiful and useful gifts.

W. B. A. Meeting
Review 98, W. B. A. will have its regular meeting in the I. O. O. F. Hall, East Washington street Friday evening at 8 o'clock.

Officers will be installed at this time, with Mrs. Ada R. Stone of Butler acting as installing officer.

Jameson Hospital Aid Society Does Good Work

Each Wednesday for the past several years a number of faithful New Castle women have gone to the Jameson Memorial hospital and spent the morning from 9 to 12 cutting and sewing on garments for the hospital.

The public is familiar with the work which the Jameson Memorial Hospital Aid society has done both before and after the new hospital was built, but a brief summary is always of interest.

During the first six months of the Aid year, beginning in May, 1933, the women completed over 3,000 garments. They furnish, with the money derived from the annual drive each year, all the linens used at the hospital with the exception of the bandages and wipes. When one stops to consider that this includes all the sheets, cases, gowns, bandages, towels and other articles for everyday use, the work is all the more commendable.

Through the untiring efforts of Mrs. J. Norman Martin, Mrs. Fannie Gormley and other prominent leaders, the work has been organized into various groups.

Two cutters are in charge each week and different organizations sew. For the first Wednesday of each month Mrs. Samuel C. McGoun and Mrs. Cassius W. Balph are the cutters; second Wednesday, Mrs. D. C. Lindley and Mrs. A. W. Urmon; third, Mrs. Robert M. White and Mrs. William K. Hugas; fourth, Mrs. Roy M. Jamison and Mrs. Fred W. Sontum.

In the absence of Mrs. Sontum yesterday, Mrs. S. W. Perry and Mrs. Jamison cut up two bolts of cloth and the women sewing completed 35 pneumonia jackets, eight bandages, three dozen masks and several towels.

King's Daughters of the First M. E. church have been in charge during January and for February the Council of Jewish Women will attend each Wednesday.

Women all over the city who are inclined to help are welcome to assist any Wednesday morning. There will not be a meeting next week, but for Wednesday, February 7, the hour is 9 o'clock.

There were big kids and little kids, fat kids and skinny kids, all assembled at the home of Mrs. Sylvia Sturdevant, Morton street, Tuesday evening when the S. of D. society of the Central Presbyterian church assembled for a "kid" party.

There were some clever costumes as well as some ludicrous ones in the funniest costume was awarded Mrs. Oscar Rhodes.

Games and contests were the pastime of the evening and prizes were awarded Mrs. William Algier, Mrs. Norman Freeborn, Mrs. William Joyce and Mrs. Herman Decker.

A splendid repast was served, the committee being Mrs. Oscar Slack, Mrs. Vance Montgomery, Mrs. Sam Hague, Mrs. George Conway and Mrs. F. G. Cooper.

Miss Keane Honored.
Miss Dorothy Pregoner of East Washington street was a delightful hostess Wednesday evening at a surprise shower in honor of Miss Agnes Keane, who will leave New Castle February 6, to enter Johns Hopkins hospital school for nurses at Baltimore, Md.

Several tables of 500 were in play and pretty favors were won by Mrs. Anna Huckle and Miss Della Absalom.

Miss Pregoner was aided by her mother in serving.

Farewell Party
As a farewell gathering in honor of Mr. and Mrs. D. A. Black, of the Harlanburg road, a delicious tureen dinner was served at noon, Wednesday, by the Wednesday afternoon prayer circle of the Rhodes Mission, led by Mrs. Howard Magill, with twenty-four in attendance.

Following dinner, the group held their weekly prayer service.

Mr. and Mrs. Black are moving in the near future to their new residence on the New Castle-Ellwood City road.

Dinner Party
Misses Ethel Bixler and Alice Robinson were joint hostesses to the Po Ko Club Wednesday evening when they entertained members at a 7:30 dinner downtown. Po Ko was the chief pastime after dinner with favors being won by Mrs. Ben Wise and Miss Peg Wardman.

In two weeks, Misses Leona Kaufmann and Irene Thomas will be hostesses.

Miss Marian Johnson, Williams street, was hostess to the girls from Autenreid's store Wednesday evening as a farewell party for Miss Catherine McGrath, who will leave Sunday for Sidney hospital, Washington, D. C., where she will enter nurse's training school.

Cards were the pastime of the early evening, with prizes being won by Helen Bauman, Luella Rigby, Katherine McCune, Mary Patterson. In addition to these girls the group included Hilda Whalen, Janice Smith, Frances Brubaker, Miss Burns, Dorothy Anderson, Olive Hayes and Miss Davis.

The honored one was given a shower of lovely handkerchiefs. Refreshments were served, the hostess being assisted by her mother, sister, Ruth, and Genevieve Hill.

Amerita Club.
Tuesday evening the Amerita club held its fourth annual reunion in the Tigers club on South Mill street. Mrs. Anthony Villani of East Reynolds street is president.

The husbands of members of the organization were guest at the event which proved a success. Cards and chat were the chief diversions of the evening. Mr. and Mrs. Anthony Villani and Attorney and Mrs. Joseph Letz, Jr., were awarded prizes. Delicious refreshments were served by the hostess, Mrs. A. Villani.

At Hartman Home
At the home of Mrs. Tillie Hartman on Croton avenue Wednesday afternoon, the A. G. P. club assembled. Mrs. Frank Robinson and

Mrs. Rose Tripp won the card favors and Mrs. Duke Bryer, a guest prize. Music featured, and refreshments were served.

The next meeting will be in two weeks with Mrs. Carl Kahner of Laurel boulevard.

ANOTHER CLASS FINISHES HIGH SCHOOL COURSE

On Friday night in the cathedral auditorium, another class will see the final act in its career as a part of the New Castle Senior high school. Diplomas will be handed to 191 seniors during the evening, all having completed their work in one of the various courses provided in the school.

For the graduates the immediate future may not seem as rosy as it might. To those who will continue their studies in colleges and universities, the graduation from high school is but a step in their education. But for those who are stepping out of school forever, it is another story. Many graduates of preceding classes have not as yet been able to land a job or find a niche in the world that is satisfactory. However, indications are that the situation is improving, that the depression is moving on, and those who are now being graduated have a better immediate outlook than confronted members of classes in several years past.

Be the immediate future what it may, the fact remains that the education secured by every member of the class graduating tomorrow night is worthwhile, and sooner or later will be an advantage to everyone of ability and enterprise.

High school education years ago seemed to give the student a marked advantage for the battle of life. Today, a high school education is a necessity for a boy or girl to start the race without a severe handicap.

SOME HOUSECLEANING

Of wide general interest is the situation which resulted in a shake-up in the Democratic national executive committee.

It seems apparent that Robert Jackson, secretary and committeeman from New Hampshire, and Frank C. Walker, treasurer, resigned because of the president's expressed disapproval of national committeemen practicing law in the capital.

The possibility that other committeemen, including Herbert Fitzpatrick of West Virginia, general counsel and vice president of the Chesapeake and Ohio railroad, might quit their committee posts immediately loomed.

Denial has been made that Mr. Fitzpatrick will resign, but this does not preclude other interesting possible developments.

Whether Postmaster General Farley will take Mr. Roosevelt's criticism as a hint to resign as national chairman or quit the post of postmaster general is a question in which there will be wide interest. In his dual role, Mr. Farley faces the duty of serving the public—composed of Democrats and Republicans—and his party. He cannot do this without one or the other cause suffering. The public is more likely to be the victim.

LOOPHOLE REMAINS

Aware of the failure of the government's crop-reducing plans to yield the desired results, the administration has taken a step designed to assure a better working of the program.

In a joint statement, Secretary Wallace and Governor Myers of the farm credit administration, have warned farmers that unless they agree not to increase their acreage they will not be eligible for loans. Borrowers, the statement said, must be either members of county control associations recognized by the farm credit administration or they must have notified their county association of their intention not to increase next year's acreage. What if any punishment would be visited upon any who might take the pledge and then violate it was not given, although the credit administration said "policing" would be done by the AAA.

The statement seems to ignore the chief trouble that the crop-reduction program has encountered. While there probably has been some chiseling, it appears that many farmers, especially in the cotton states, have more than made up for their decreased acreage by an increased yield per acre as result of using intensive methods of cultivation. Until some effective means of closing this loophole is found, the agricultural production-control program will remain a failure.

A MEMORIAL TO COOLIDGE

Unusual is the memorial in memory of President Calvin Coolidge announced by the New England Historic Genealogical society. It will consist of a \$10,000 collection of volumes to be placed in the Boston library. Each book will contain a plate in memory of the late president, and the volumes will relate to the lives of American families. Necessary funds have been pledged by public subscription.

Unlike a memorial in marble, this one will be extremely practical. Coolidge was predominately a patriot. He believed in America and its future. Many thousands will peruse the books, and thus the memorial will aid in stimulating in others the same faith in country which was characteristic of the man honored. The idea is a good one and might well be adopted by other communities which desire to honor prominent citizens.

OUR LAGGING PUBLIC WORKS PROJECT

New Castle Public works project, the erection of a new post office building on the public square seems to have run into an obstruction that bids fair to require heroic efforts to get out of the way.

The time has arrived for more than a watchful waiting attitude on the post office construction tieup. For weeks past nothing has been done towards completion of the building, due to a dispute with the contractor.

There certainly is some method by which action can be forced in this stalemate, and such should be inaugurated.

New Castle has been long suffering and tolerant in this matter, and the time is here when action should be secured.

All of Us

BY MARSHALL MASLIN

A NUMBER OF THINGS

When I was a small boy and would not eat my crusts my father used to tell me that if I didn't I'd never have hair on my chest. And he told my sisters that if they didn't eat theirs they wouldn't have curly hair. . . . And long after I stopped believing in Santa Claus I continued to believe, reluctantly, that there might be something in what he said.

Found a rubber band yesterday in a desk drawer, where I had placed it years ago. But it was useless. Lying there, those years, unused and untouched, it had lost its life, given up its ghost. . . . And I think a man, holding a worthless rubber band in his hand, might say to himself, "This, too, will happen to me if I let myself go to waste, if I let my talents, humble though they may be, go unused."

We kept pigeons when we were boys. Handsome pouter pigeons. Big blue runts. Common chocolate pigeons. And I remember, still, how they would swoop in a lovely cloud about our barn at evening, and I remember the ruckety-coo-ruckety noise that they made in the loft. . . . We had a couple of "tumblers," too, strange birds that flew a hundred feet in the air and then let themselves drop swiftly, turning over and over in the air. . . . We thought them slightly mad, but still it seems to me that those eccentric birds took more joy out of living than did their more staid companions.

Out of this office a few moments ago went a happy man. A man who has suffered much, known many disappointments, had many sorrows—and still was happy! I don't know how he does it, but I know that the gift that is his for enduring happiness is the most precious a man may have.

Sometimes I hear a man flash out with, "What do I care?" . . . Suddenly, defiantly, sharply, he says it. . . . And fools nobody. . . . Because when a man says, "What do I care?" in just that way, in his heart he is hurt and cares deeply and would be comforted.

CARRYING CHIPS

"I'm myself and nothing can make me any different."

What an admission! Do you realize how dumb that sounds?

Either you are really dumb or you are willing to admit that you do not care to change yourself.

Now a person who does not change is retrograding.

None stands still.

Why should you set your way up as far superior to any other way?

Why must your story be always the highest tale?

Why is it that you cannot admit that it is your mistake or your lack that causes confusion or trouble?

Why must you get the credit for knowing just a little more about everything than the next one?

Isn't there anyone in this world that you would credit with good sense, knowledge, skill and fine points as great as what you claim for yourself?

Why that chip that you carry evidently expecting someone to knock it off? Usually some one does knock it off.

AT THE WINDOW PANE

Pressed close against the pane they stay

When mother has to go away:
Sad little faces wondering why,
So often she must say goodbye:
Sad wistful eyes that cannot see
Why all such partings have to be.

Oh, there is tragedy no doubt
When mother all alone goes out.
The tears which stain each little cheek
Life's heartache eloquently speak,
And no great actor could portray
Grief's poignancy in such a way.

'Tis only childhood can express
Its love with so much tenderness
And with a glance and glistening tear
Make loneliness so real appear.
Those sad sweet faces at the pane
Tell more than mumbled words explain.

Yet when at last the mother nears
A picture radiant appears,
Those lovely faces once again
Are pressed against the window pane
To welcome her with eyes aglow
And love which only children show.

You owe money. The man you owe is just about as hard up as you are. He needs his money.

The World At A Glance

Speculative Folk Happy Dividends Tend Upward Britain to Retaliate?

By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, Jan. 25—Wall Street—the speculative element, part—is the most optimistic it has been in four years. Not only is trading in stocks reaching 1929 levels, but high-grade bonds also are in demand. Since neither in the United States nor in Great Britain has there been any large refinancing in some time, dealings are driving up the price of old securities.

In the United States failure to re-finance is blamed on the federal securities act. But England has had no new securities act; the blame, therefore, cannot be placed on it there.

In truth, the real blame may be placed on the fear of wealth. Depreciation of currencies always drives wealth into hiding.

DIVIDENDS Dividends once more are tending upward after declining since 1929.

But investors must remember that corporation earnings still are not so good as the price of their shares indicate.

Depreciation of currency drives stocks as well as commodities up. If earnings do not catch up, the rise in values cannot be maintained, economists say.

RETALIATION In the meantime, evidences of retaliation against currency depreciation in the United States continue to mount.

Ten members of the British parliament would bar American goods after May 1.

The wording of the bill is clear. Customs commissioners would have authority to exclude from Great Britain foreign goods if it can be shown that in the exporting country "currency manipulation be employed for the purpose of enabling such article to be sold in Great Britain at a price below the cost of production."

IN GERMANY One American newspaper correspondent in Germany believes he will move his office. A Nazi storm-trooper stands in the hall of the office building checking everybody who comes into the correspondent's office. And the correspondent's waste basket is gone through every night.

But—the question arises—whence can he move his office? This correspondent happens to be one who stands high with government officials.

What occurs to correspondents who by accident or incident gain the disfavor of officials?

CABINET Postmaster General James A. Farley probably will not last out his cabinet term. He was of great aid in gaining the presidential nomination for Franklin D. Roosevelt.

Times, however, are moving so swiftly that the president finds Farley merely a politician of another era now. There seems to be no question that the friendship between the two men continues to exist, but the real powers in the cabinet are Secretary of Interior Harold Ickes, Secretary of the Treasury Henry Morgenthau, Jr., Secretary of Labor Frances Perkins, and Secretary of Agriculture Henry A. Wallace.

Nor should it be forgotten that Secretary of State Cordell Hull remains while those who were to "succeed" him are being forgotten.

The Roosevelt cabinet at the end of his term will be strongly progressive, much closer to the progressive

Republicans than to old-line Democrats.

That is as New York views it. To the foregoing list, Wall Street adds another name to those it views as increasingly powerful—Joseph B. Eastman, co-ordinator of railroads.

Appropos of the good old summer time:

"What's the idea," he asked, "of putting a hammock in a place where the flies are so thick?"

"Oh," said the proprietor, "that hammock is for use only during hammock time."

"Hammock time? When is that?" he asked.

"From 12 to 2 o'clock. During those hours all the flies are in the dining room," replied mine host.

Criminal Ignorance Is Costly

(Contributed)

Revival of the more sensational aspects of the criminal career of Irene Schroeder in a radio broadcast causes thoughtful people to reflect on the futility and cost of crime.

Evidently the individual, who takes up such a career lacks intelligence. If a great thrill is desired, it is obtained in the end—the chair.

On the economic side the cost to society—mainly to Lawrence county—of those robbers heading this way was \$50,000. This includes the detection, trial and execution of the criminals. Of how much use would that amount of money be to the county now for relief of the unfortunate and for work projects?

True, we would have missed the excitement of a big show. The newspapers could not easily have found columns to be read so avidly by the public.

The conviction by a Lawrence county jury had a good effect, but what of the cost? How much intelligence could be developed at the same cost?

Husbands And Wives May Be Required To File Separate Reports

By WILLIAM S. NEAL
International News Service Staff
Correspondent

WASHINGTON, Jan. 25.—The treasury is staging a battle in secret sessions of the house Ways and Means committee for legislation requiring husbands and wives to file single income tax returns, it was disclosed today.

The proposal, it is estimated, would bring the government \$40,000,000 more taxes each year and prevent fraud through fictitious transactions between husband and wife.

After mildly endorsing the proposal when the committee held public hearings on the \$270,000,000 income tax revision report of its subcommittee named to seek ways of closing loopholes, Roswell Magill, representative of secretary of the treasury Morgenthau, strongly urged approval in the committee's secret session.

Representatives from the eight community property states of the West and South, in which a wife is the owner of one-half of the

property accumulated after marriage, are fighting the proposal. The committee now is closely divided on the question, with a possibility that the treasury plan may be adopted.

In urging adoption of the plan, treasury officials have pointed to the case of Charles E. Mitchell, former president of the National City Bank of New York, who was indicted for alleged frauds resulting from sales of property to his wife.

Opponents claim abuses can be halted without penalizing married persons where both husband and wife have income.

Treasury experts say that under the present law permitting the filing of separate income tax returns husbands and wives can avoid a part of the burden of the heavy surtaxes being levied.

AROUND CITY HALL

Police chronology for 24 hours, ending 3:30 p. m. January 24, three arrests, on charges as follows: drunkenness, 3.

Lou Mosely, employee of the city engineer's office, inspects connections made to the municipal sewage system and also gauges the height and fall of water in the Shenango river which is considered a navigable stream. It is not deep enough for navigation now but Lou recalls when boats operated on some of it. In fact he declared there are many persons here who were carried to and from Nancy's Island, which was a pleasure resort a mile or more above Pulaski.

Every person who weighs coal must now pay \$5.00 license to the commonwealth, according to A. R. English, city inspector of weights and measures, under the provisions of a new act of the legislature. For an infraction of the new law there can be levied a fine ranging from \$100 to \$500. When your coal man arrives at your home he must give you a weigh bill showing the weight of coal delivered. He keeps a copy and the weighmaster another.

Bell telephones play an important role in the operation of the city. In fact almost all calls for police service are sent by Bell to the police station and a large number of calls for the fire-fighters are also telephoned to fire stations. They are known as "silent alarms." The city has about 30 telephones. They are located in practically all offices, the sewage disposal plant, golf course

Knock Out that COLD!

Give It No Chance To

A cold once underway is a cold hard to drive away! Let no cold endanger you. At the first chill or sneeze, take Grove's Laxative Bromo Quinine. It usually makes short work of a cold because it is expressly a cold remedy and because it gets at a cold from the inside. A cold, you know, is an internal infection and calls for internal treatment.

Grove's Laxative Bromo Quinine means COMPLETE relief because it is COMPLETE treatment. It does all the four things necessary. It opens the bowels, combats the cold germs and fever in the system, relieves the headache and grippy feeling and tones and fortifies the entire system. That's the action you want and anything less is taking chances. Get Grove's Laxative Bromo Quinine at any drugstore, 30c and 50c. Ask for it by the full name and accept no substitute.

clubhouse and garbage plant and the bill for telephone service approximates \$138 a month.

Indications are that persons who are arrested by city police on suspicion of having operated an automobile while under the influence of intoxicants will be examined by a physician and if the latter decides they are drunk, the operator will in all probability be held for court trial. At least this was indicated by Mayor Mayne in city police court yesterday.

It is not unusual for a member of the department of police to be requested to shoot a dog. Few calls are made for the purpose of having bluecoats send cats to their death. However, an odd call was answered by Patrolman Jobey Thomas a few days ago. A Chestnut street resident wanted a rabbit killed and Jobey accommodated the resident who said the bunny, which was almost as large as one of the Snow-shoe type, was ill.

Knives, big, little and medium. Revolvers, good, bad and otherwise and knuckles of the old brass knuckle type are relics of the police department. All of them were taken from persons arrested for various offenses. One of the knives looks like a hunting knife and another has a vari-colored jacket. The brass knuckle is a wicked looking instrument. The fingers are run in holes and when a blow is struck the "brass knuckles" generally lacerate a face fearfully.

Persons, young or old, who destroy trees or shrubbery in any of the parks of the city's system, can expect to pay a big fine if captured, according to Mayor Charles Mayne. He said that in past years trees and shrubbery have been destroyed and at Cunningham park some trees which required 40 or 50 years to grow have been cut down for "kindling wood." "I don't care who cuts one down he will get a heavy fine or jail sentence if caught by police," said the mayor.

Congress Fixing To Adjourn Soon

(International News Service)

WASHINGTON, Jan. 25.—Probable adjournment of Congress by May 1 was forecast today by Speaker Rainey of the House in announcing the lower body soon would begin the inauguration of two-day recesses.

"We are moving ahead rapidly with the legislation at hand," Rainey said. "We'll be 'out of work' within a very short time, probably at the end of April."

"Above," when used as an adjective (e. g., "the above statement"), while not incorrect, is less desirable than "the foregoing," "the preceding."

Men's Chorus Will Be Heard Tonight

Bishop John C. Ward Is Conducting Preaching Mission In Trinity Church

In Trinity church tonight at 8 o'clock a choir of men gathered by the officers of the Men's Club will lead the singing in the preaching mission service, with Mrs. W. A. McNally at the organ.

Friday afternoon the junior girls choir will sing at the 4:30 p. m. service for children and young people, Miss Isabel Johnson playing the organ and in the evening the regular senior choir of the church under the leadership of Paul Browne Patterson will sing. No services on Saturday.

Growing congregations are shown in the record. Bishop Ward is giving clear, presentations of the great essentials of Christian living, lifting all up to high spiritual levels. Tonight his subject will be "The Basis of National Recovery" tomorrow at 8 p. m., "How Can We Put It Into Effect?" He will bring his series of sermons to a close here Sunday morning at 11 o'clock in Trinity church and at St. Andrew's on Sunday at 7:30 p. m.

it in spite of this multiplicity of preventive measures.

Has there been enough of it to counteract the adverse effects of prevention?

No one knows.

If—"if"—once more—if the sheer weight of deflation has been sufficient to more than offset the preventive effort, there should be a belated upward tendency.

If not, a fresh sag would appear to be a certainty, within a year or two or three, regardless of fresh stimulation.

Revolution can't prevent it. Fascism can't prevent it. Communism can't prevent it. Nothing can prevent it. Folk who have assumed a heavier load than they can carry, simply can't carry it.

They must collapse, as an alternative.

The problem is: Will revival, henceforward, be on a larger scale than the collapse? "Guess!" answers Echo.

Factor's Wife Ready To Give Her Testimony

State Has Yet To Prove Case Of Kidnaping Against Roger Touhy Gang

(International News Service)
CHICAGO, Jan. 25.—With its case against Roger Touhy and his three reputed gangland followers still to be proved, the state today summoned a series of witnesses whom the prosecution expects will lay the kidnaping of John Factor, stock speculator, at the Touhy's door.

Mrs. Rella Cohen Factor, who saw her husband abducted and obtained his release with \$70,000 ransom, was one of the front-line witnesses waiting to testify.

Willie Sharkey, who committed suicide two months ago after being acquitted of the kidnaping of William Hamm Jr., St. Paul brewer, has already been identified by Jerome Factor, son of the kidnaped man, and Rudy Bender, hotel bell boy, who was handed a ransom note by Sharkey. None of the defendants in the courtroom—Touhy, Eddie McFadden, Gus Schaeffer and Albert Kator—has been identified thus far.

Pennsylvania Fourth In Fund For CWA Efforts

By ARTHUR C. WIMER
Special Washington Correspondent,
New Castle News

WASHINGTON, Jan. 25.—Advances of cash by Uncle Sam for carrying on the civil works program have been greater to Pennsylvania than all but three of the forty eight states, according to figures given the House of Representatives by the Civil Works Administration.

Up to January 20, the civil works program in the Keystone State has cost the Federal Government \$19,635,000. Expenditures had been greater in three states, totaling \$39,470,000 in New York, \$26,340,000 in Ohio and \$21,652,000 in Illinois. Advances to all states had amounted to \$357,279,000.

The cost to the Federal Government of the West Virginia civil works program had totaled \$6,160,000.

Another objection to repeal is that we'll never know whether 32 beer can send a nation to the dogs.

Noted Artist's Tribute to President Whom D. U. V. Honor Nation Honors at Birthday Fetes Jan. 30

William McKinley

A CALL TO THE COUNTRY TO HAIL HER LEADER

This striking poster was painted by the famous artist, Howard Chandler Christy, when he heard of the national movement to observe President Roosevelt's birthday on Tuesday night, Jan. 30, by raising an endowment fund for Warm Springs Foundation for Infantile Paralysis at Presidential Birthday Balls given simultaneously in every community in the land. He gave it to the national committee as its official poster. Done in red, white and blue, the poster depicts Miss America at the left protecting two children who are looking up to President Roosevelt, shown above the capitol. The slogan across the top "America, to our President" was coined by Mr. Christy as a toast to Mr. Roosevelt from the nation.

SEVENTH WARD NEWS

Visit Is Made To Senior High Today

Students of 9A class of Mahoning school spent this afternoon at the New Castle senior high school where they will commence the second semester studies on Monday morning.

This afternoon's visit to the senior high school was in the nature of a "get acquainted" tour. All junior high school students of New Castle who will be sophomores Monday were there. They received instructions, home room numbers, etc.

Friday will be the last day at Mahoning for the 9A class.

CHILDREN OF OAKRIDGE GET 'REPORTS' TODAY

The boys and girls of Crawford-Oakridge children's home on North Liberty street extension brought home their reports from school today and proudly submitted them to H. P. McBride, the superintendent of the home, for inspection.

Fifteen of the inmates of the home are attending school this year and all are getting along nicely in their studies. With the exception of three who attend Union high school, all the children are students of Sunny avenue school.

LADIES' AID MEETS

A business meeting of the Ladies' Aid society was conducted at 2:00 p. m. Wednesday at the Mahoning M. E. church.

Mrs. Joseph Gilmore, the president, was in charge. The members devoted most of the period in talking over matters of the society's business. It was decided to buy a number of cooking utensils for the church. In addition, \$75.00 will be turned in to the church treasury.

Regular meetings of the organization are conducted about once a month.

ST. MARGARET'S

The following committee will be in charge of the card party which will be conducted in the Lyceum hall, corner of Second and Clayton streets, this evening, January 25.

Mrs. Edward Conway, Mrs. Frank Valley, Frank Valley, Eugene Valley and Edward Conway. The evening will get underway at 8:30.

LIBRARY DAY

Mahoningtown library was opened at noon today for the afternoon and evening. Mrs. Gladys Johnston and an assistant are in charge.

Pile Sufferers

Can You Answer These Questions?

Do you know why external remedies do not give quick and permanent relief?

Why cutting does not remove the cause?

Do you know the cause of Piles is internal?

That there is congestion of blood in the lower bowel—the veins flabby, the parts almost dead?

Do you know that there is a harmless internal remedy for itching, bleeding or protruding piles discovered by Dr. Leonhardt, and known as HEM-ROID that is guaranteed?

HEM-ROID banishes piles by removing the cause. It stimulates the circulation in the lower bowel—drives out the thick impure blood, heals and restores the affected parts.

Dr. Leonhardt's HEM-ROID has an almost unbelievable record of success. So why waste time on external remedies or worry about an operation when Eckerd's Cut Rate and New Castle Drug Co. invites every Pile sufferer to try HEM-ROID with guarantee of money-back if it does not cure their Piles, no matter how stubborn the case?

Observations In 7th Ward

The Mahoningtown Boy Scout troop activities were slowed down considerably this winter by the lack of a place to hold regular meetings.

The troop committee and Boy Scout Executive Herbert Horton have been trying to find a suitable place for months but now believe that their problem is near solution.

Westminster college students will be home for a few days soon, (the mid-year period), but local students who are enrolled in schools farther away will probably not get home this time.

A number of local men are employed on the CWA project of leveling and grading Dean's park, out Taylor street. Great progress has been made since the job was started a short time ago.

PENNA-BO MEETS

A business meeting of the Penna-Bo auxiliary to the Brotherhood of Locomotive Firemen and Engineers was conducted at the city building Wednesday afternoon.

The social club will have a meeting Tuesday afternoon at the home of Mrs. Louise Ridley, Edison avenue.

Yesterday's meeting was well attended. The members adjourned to meet again on February 14.

MONKEYS RIDE FREIGHT

Many strange passengers ride freight trains through here but not often are monkeys included. Four of these animals, crated carefully, were passengers on an east bound train Tuesday. They seemed to rather enjoy the trip, one of the trainmen said, and didn't appear at all bothered by the barking of a dog near them.

ALL GET TRIMMED

Haircuts were given all the children of Crawford-Oakridge home this week by two volunteer barbers, Mr. Davis of North Mercer street and H. A. Pazzone of North Mill street.

PROGRAM TOMORROW

An assembly program in charge of the 9A class of Mahoning school is being planned for Friday. This will be the last day in junior high for the class.

SEVENTH WARD PERSONALS

Harold Wilson, of North Ashland avenue, visited Youngstown, O., Tuesday evening.

Paddy Ketzler, local barber, has been confined to his home for several days by illness.

Mrs. Edith Stewart has returned to her home in New Cumberland, W. Va., after a stay in this city.

Mrs. Anna Lawson McKee, of West Cherry street has left to visit her uncle and aunt, Mr. and Mrs. John Strawl, Enon Valley.

D. H. Walker was able to return to his work yesterday with the Pennsylvania railroad after an absence following an injury.

Mrs. R. B. McNeil and son, Burns and Miss Anna McNeil, of New Cumberland, W. Va., were guests Sunday at the home of Mr. and Mrs. Mac Solomon, West Clayton street.

For the young housewife—and others, too—a safe rule is the old-fashioned one that all vegetables which grow under the ground should be cooked in salted water, while all growing above should be cooked in unsalted water.

It's easy to tell which years the vintage was poor in France. Look at the dates on wine sent to America.

Organization Also Plans Social Affairs In Connection With Regular Sessions

The Eliza Winans McBride Tent 20 Daughters of Union Veterans met Tuesday evening in the City building.

At the close of the regular meeting a social period was enjoyed in commemoration of the birthday of William McKinley. When he was a congressman for Ohio he gave much of his time and efforts to establishing the organization of the Daughters of Union Veterans.

Mrs. Arraetha Palmer was in charge of the program and also gave an interesting sketch of William McKinley. Miss Beverly Fox welcomed the guests; Jean Porter gave a reading "The Other Man"; Mrs. Mabel Davis sang "The Rosary".

Mrs. Josephine Hoover had two clever characters songs; Mrs. Marie Roof and Mrs. Lucy Pettitt presented a one act comedy, "Listen! in on the party line".

Glenn Fox and Clare Cook acted as auctioneers for the boxes.

The tent has been most active the past year, having gained 26 new members as the result of a recent content. A social event will also celebrate this contest. The Daughters will attend the Lincoln program of the Sons of Union Veterans auxiliary on February 5.

Sea Scouts To Get Pymatuning Base

Public Works Project To Be Paid For By Counties

SHARON, Pa., Jan. 25.—State approval of a 10-county civil works project, which will do much to advance Boy Scout work in northwestern Pennsylvania, was announced today by Frank A. Connor of Greenville, deputy civil works administrator for Pennsylvania, who returned to Harrisburg after presiding at a meeting of Mercer county Boy Scout council.

The project, which will be rushed to speed completion, contemplates construction of a Sea Scout base on a nine-acre island in Pymatuning reservoir. The island is about a mile above the Pymatuning dam, the gates of which were closed yesterday. Four ships, or camps, with signal stations, watch towers and other equipment, will be built. The cost of materials will be borne by the 10 counties which will use the base, and workmen will be drawn from the CWA forces in the same counties.

Another Sea Scout base, exclusively for Mercer county already is under way on the Shenango river at Greenville.

Mission Speakers At First Church

Foreign And Home Missionaries Will Speak In First Presbyterian Church

Sunday evening, January 28, there will be two missionaries speaking in the First Presbyterian church, representing two of the most interesting mission fields in the world.

Miss Lillian Bailey is from Alaska and Dr. Henry Lampe is from Korea. Miss Bailey will address a meeting at 6 o'clock, to which the young people are especially invited. The missionary groups of the church will also attend this meeting. At 7:30, the regular church hour, Dr. Lampe will speak.

These missionaries have been visiting the various churches of the Shenango presbytery and the Sunday meetings will be their last appearance in this vicinity.

New Swimming Records Made

(International News Service)
SEATTLE, Wash., Jan. 25.—Jack Medina and Olive McKean, Seattle swimmers, each held a new American free-style record today following a successful assault of the established standards of Johnny Weissmuller and Gertrude Ederle.

Medina lowered Weissmuller's 20-yard course time for 300 yards from 3:12 2-5 to 3:11 4-5. Miss McKean barely clipped the Ederle A. U. 220-yard mark from 2:41 1-5 to 2:41.1.

Edenburg News

Mrs. Joseph Cerella was a New Castle visitor Tuesday.

Anna Retort is spending a few days with friends in New Castle.

Frank Cunningham of New Castle was a visitor at the home of Charlie Exposito Wednesday.

Will Coates and son, Ed. Coates, of Ellwood City, spent Monday at the home of the former's brother, Frank Coates.

The condition of Frank Coates, who has been quite ill at his home for some time, remains the same at this writing.

Alderman and Mrs. H. G. Coates of Mahoningtown and Mrs. Lenora Coates of New Castle visited at the home of the former's brother, Frank Coates, Tuesday.

FITS--ATTACKS CURBED

There is new hope for victims of epilepsy, judging from the story who have tried Lepso, a home treatment. One user after another now writes that Lepso has relieved them of attacks. Its fame has spread for 25 years and one user has told another. If you suffer, send name and address to R. Lepso, Apt. 66, 123 E. Wright St., Milwaukee, Wis., and he will send a trial sample of this splendid treatment free.—Adv.

Kentucky Negro Slayer Lynched

**Mob Takes Young Negro
From County Jail At
Hazard, Ken.**

(International News Service)
HAZARD, Ky., Jan. 25.—Hundreds of deputized citizens were on guard here today to thwart threatened reprisals in the wake of the lynching last night of a 19-year-old negro, Rex Scott, by a mob of 500 men, most of them believed to be miners.

Scott was taken from the Perry county jail here by the mob, which overpowered officers, and was put on a truck, driven to a lonely cemetery 15 miles south of here and hanged to a tree on the mountain-side, while 40 bullets riddled his body.

Scores of negroes roamed the streets here throughout the night, many of them armed with shot-guns, threatening to "blow up the town". Every officer in the county joined in pursuit of the mob and spent all night questioning suspects. Three of whom were held.

The negro was accused of beating to death a white miner, Alex Johnson, 21. Officers said that while drunk Saturday night he attacked Johnson with a broken cue stick on a street corner here, breaking his neck. Johnson died at a hospital here last night shortly before the negro was lynched.

It was the nation's first lynching since 1932. No negro has been lynched in this state since 1927.

Mrs. Ralph McElwain of Mt. Hermon called on Mrs. Margaret Wilson, Monday evening.

Miss Jean Fisher and Mae Armstrong called on Mr. and Mrs. Wendell Fisher of near Portersville, Sunday.

Mrs. Jennie White has returned home after an extended visit with her daughter, Mrs. Walter Hunt and family.

Velez-Weissmuller Separation May Be Only Temporary One

(International News Service)
HOLLYWOOD, Jan. 25.—Lupe Velez, fiery red-headed Mexican film actress, and her husband, Johnny Weissmuller, may be reconciled.

They separated Tuesday night, Lupe announcing: "It's no use. I guess it's Hollywood. We fight, fight, fight all the time."

Today, however, the couple made a joint announcement:

"We will try a trial separation for about two weeks, and if we still love one another we will go back together. No divorce is planned."

The society is not to be a money making organization but is for the purpose of developing a community interest in music.

To Complete Plans Of Choral Society

Final organization of the new East Side Choral society will be completed Sunday afternoon, January 28, when a meeting has been called for 3 o'clock in the Third U. P. church. At that time it is expected that a president and the other officers will be named, a definite date set for rehearsal nights and the society gotten away to a start.

The matter of organizing choral singers has been discussed for some time on the east side and recently Charles G. Harris, a director of music, called a number of singers together and the preliminary plans were drawn.

The society is not to be a money making organization but is for the purpose of developing a community interest in music.

May Prosecute Walter Brown

**Former Postmaster General
Faces Criminal Indictment
Result Of Probe**

OCEAN AND AIR CONTRACTS PROBED

(International News Service)
WASHINGTON, Jan. 25.—The administration prepared today to seek early criminal indictment of former Postmaster General Walter F. Brown and several others on charges growing out of the ocean and air mail investigation by the Black Senate committee.

The basis also was laid for action seeking to abrogate some of the ocean and air mail contracts on the ground that they were awarded illegally.

Hearings Postponed
Coincident with these developments the Senate approved a resolution greatly broadening the committee's power by including holding companies and aircraft equipment concerns in the scope of the investigation.

Senator Black (D) of Alabama postponed further hearings in the air mail scandals until next week. He conferred with Attorney General Cummings and later with Carl L. Ristine, special assistant to Cummings, who was assigned to handle the government's cases.

Criminal charges now being studied by Ristine include: destruction of government records, theft of government papers, alteration of official documents, conspiracy to defraud the government, conspiracy to violate anti-monopoly acts, awarding of contracts in violation of express provisions of law, and unlawful approval of vouchers for the expenditure of huge sums to holders of mail subsidies.

Milk Control Board Active

**Rush Plans To License All
Milk Dealers In State
By February 12**

(International News Service)
HARRISBURG, Jan. 25.—Working at top speed, the state's new milk control board today rushed plans to license all milk dealers in Pennsylvania by February 12.

At a meeting that continued throughout the day and almost until midnight, the board, Edward A. Stanford, Whitmarsh, chairman; John A. Barney, Erie, and Howard C. Reynolds, Factoryville, and Deputy Attorney General Bernard Segal approved the license application forms.

License application blanks and forms for financial statements and bonds will be mailed to all Pennsylvania milk dealers by Saturday of this week. They must be returned on or before February 12.

Upon receipt of applications investigators for the board will check up on the information and licenses will be issued as quickly as possible, Stanford said.

Segal urged all dealers who do not receive license application blanks by Tuesday to write the board.

**New Court House
Is Soon Marred**

BEAVER, Pa., Jan. 25.—Judge W. A. McConnell today enunciated rules of conduct for spectators, jurors, court attendants and lawyers for the protection of the new court-rooms in the court house from damage.

Persons detected putting their feet on the new mahogany railings or otherwise marring the furniture will be summoned before the court and summarily fined, the judge announced. He also warned tobacco chewers against spitting on the new floors. During the first two days court has been in session it was noted the railings had been marred by scraping feet.

Are you able to distinguish between new potatoes and old potatoes? Or do you go by the vegetable man's say so? Be your own judge. The new potatoes have a feathered or fluffed skins; the old ones smooth skins.

Advisability Of Building Lighter-Than-Air Ships Questioned By Swick

By ARTHUR C. WIMER
Special Washington Correspondent,
New Castle News

WASHINGTON, D. C., Jan. 25.—Representative J. Howard Swick, a member of the appropriations committee sub-committee on naval affairs, apparently questions the advisability of continued construction of lighter-than-air ships and the justification for bringing the fleet east for maneuvers as is now contemplated.

Hearings held by the sub-committee on the naval supply bill for 1935 have just been made public and reveal Congressman Swick as having taken a very active part in the secret meetings. He examined many witnesses representing the navy department with regard to proposed expenditures.

Asks About Akron.

At one point, Dr. Swick questioned Rear Admiral King, chief of the bureau of aeronautics, to bring out the loss of the ship "Akron" some months ago cost Uncle Sam \$5,410,000.

"As a practical matter, admiral, do you believe this enormous expense is justified in the building of these lighter-than-air ships?" demanded Dr. Swick.

"It sounds perhaps like an obvious thing to say, Mr. Swick, but it seems to me that such an expense is to be considered in the light of what you get for your money, or what you are likely to get," replied Admiral King.

Objects To Cost.
At another point in the hearing Dr. Swick voiced his protest to the expense of bringing the fleet east for maneuvers as is now planned. He did this after testimony had been presented that the higher price of oil in the east would make this temporary shift cost at least \$4,000,000.

"I am wondering," queried Congressman Swick, "if it would be the best thing to do for the country to tax our people over \$4,000,000 to bring the fleet east at this particular time. What advantages are there to be gained by bringing the fleet east, beyond saving some transportation for those officers whom it is now time to shift from their present locations? Is it just a policy of the navy?"

"It is an approved policy," replied Rear Admiral Peoples, chief of the bureau of supply and accounts. Admiral Peoples admitted that the lowest bid the navy had been able to get on fuel oil for the proposed maneuvers was \$1.35 a barrel. In response to cross examination by Swick he admitted the navy hadn't paid such a high price for years.

Unwise Action.

"It seems to me," volunteered Congressman Swick, "that in view of the fact you cannot get a bid for oil under \$1.35—and it may be much more than that by the time you are ready to bring the fleet east—it would be unwise to bring the entire fleet east at this particular time."

"I think the chief of the naval operations covered that fully as a matter of policy in his testimony—that is, the reason for bringing the fleet east," protested Admiral Peoples.

"I understand that there are many reasons why it should be brought east," retorted Mr. Swick, "but I understand, also, the fight that will be made by our people who are starving to death, and who have not had any work to do in three years, when they are assessed over \$4,000,000 to bring the fleet east at a time when prices are almost as low as they have been on every-

thing except fuel oil. I hear you have a 50 per cent advance, and in many instances over 100 per cent advance for fuel oil. It is over 100 per cent advance for fuel oil over what you have paid during the current year."

Raps Navy Department.

Congressman Swick at another point in the hearings rapped the navy department for setting up a new bureau to handle the \$58,266,000 of public works money allotted for ordnance bureau. He recalled that during the campaign of 1932 Democratic spokesmen had made great promises of reductions in bureaus and other agencies.

Swick charged that this keeping of two sets of books, keeping the public works money in one place and the regular appropriation in another, was an attempt to "blind the people of the country into thinking that somebody is giving some money to the navy department or the ordnance department when, as a matter of fact, it will have to be paid by the taxpayers of the country."

Admiral Larimer, chief of ordnance, admitted that the congressman was "absolutely" correct. Further questioning by Swick brought from Larimer the confession that the practice "adds a great deal to the administrative difficulties, and it adds a great deal to the overhead of the government at the present time."

When Congressman Swick further pointed out that this added expense was the fault of the administration because congress gave the administration full authority, Admiral Larimer declared this was "essentially so."

Mozesz Occupies Glenn Dague Cell

Slayer Of Rose Balogh Sleeps On Same Couch As Did Notorious Prisoner

John Mozesz, slayer of Rose Balogh, who has been taken from the New Castle hospital to the county jail, is occupying the cell which held Glenn Dague, who with Irene Schroeder, was executed for the murder of Corporal Brady Paul. The cell is located on the ground floor in the eastern part of the jail. Sheriff Edward H. Pritchard says he does not know whether or not Mozesz knows that he is occupying the cell which once held the noted desperado, but it is likely that if he does not, some of the other prisoners will tell him. Most visitors at the county jail ask to see the cells which housed Irene and Dague. There seems to be a natural human curiosity that is gratified by gazing at these gruesome reminders of crime.

If Mozesz does know he is occupying the Dague cell he does not appear to be worrying about it as he eats well and sleeps well.

Naval Supply Bill Passed

Bill To Run Navy For Next
Year Passed, Involves Total
Of \$284,000,000

(International News Service)
WASHINGTON, Jan. 25.—The House on Wednesday passed the annual naval supply bill carrying \$284,000,000 to run the navy next year. Included in the bill are funds for beginning construction of four cruisers, an addition of 2,800 enlisted men in the navy, 1,000 in the marine corps and funds to reopen the Great Lakes naval training station.

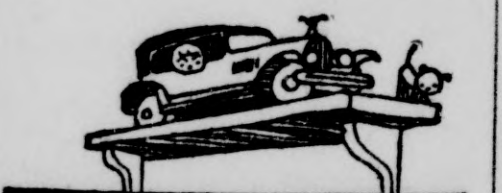

When Your Cough Hangs On, Mix This at Home

If you want the best cough remedy that money can buy, mix it at home. It costs very little, yet it's the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs, giving immediate relief, is astonishing.

Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle, and add granulated sugar syrup to make a full pint. To make syrup, use 2 cups of sugar and one cup of water, and stir a few moments until dissolved. No cooking needed. It's no trouble at all, and gives you four times as much cough medicine for your money—a real family supply. Keeps perfectly and tastes fine.

It is surprising how quickly this loosens the germ-laden phlegm, soothes and heals the inflamed membranes, clears the air passages, and thus ends a severe cough in a hurry.

Pinex is a compound of Norway Pine, in concentrated form, the most reliable healing agent for severe coughs. It is guaranteed to give prompt relief or money refunded.

Over 17,000 Benefit From C.W.A. Projects

In a compilation of Employment Statistics which has just been prepared by Robert L. Meermans, head of the State Employment Bureau here, some interesting facts are brought out. The figures shown include all work done by the bureau since the establishment of the CWA in Lawrence County, November 19, 1933.

The total registration, male and female over the entire county was 15,512. On all CWA placements, Federal, State and County projects, the total put to work is 3,854. Of these placements 95 were women the balance being men. Of those placed, 2,022 were registered as receiving relief from the Lawrence County Emergency Relief Board. The total number put to work is better than one third of the total registered.

The total number of persons benefiting by the CWA projects is estimated at 17,505. In the matter of veteran placement there was a total of 689 ex-service men registered. There are at work on the CWA projects 556 veterans. Of the balance, about 45 failed to appear for work after they were notified. Most of the ones not working are single men without dependents. The reason for the heavy placement of veterans is that an act of Congress made it mandatory to give veterans preference and the local office followed the law.

The figures for Lawrence County indicate that proportionately Lawrence County was given very fair treatment, some counties showing only about one of twenty registered being work.

On Court House Hill

A delegation of CWA workers from Ellwood City, mostly girls, is at work in the register and recorders' office, securing data on a survey of the real estate of Ellwood City. It is the intention to have a complete record of all the property owners, together with the boundary lines of their properties. Much of this work has already been done in Ellwood City, but there were some records that could only be obtained at the court house. The descriptions are being taken from the deeds. When the work is completed Ellwood City will have a complete description of all properties.

Sheriff Edward D. Pritchard says that he receives many inquiries as to how to pronounce the name of John Moezes, who is in the county jail for the slaying of Rose Balogh.

As near as the sheriff has been able to make out the name is pronounced the same as "Moses," of bullrush fame.

Road supervisors of Union township had a conference with the county commissioners and county controller regarding damage done by a storm sewer on Boston avenue. It is claimed that the sewer emptied in such a way that Boston avenue suffers every time it rains. An agreement was reached by which the county will take care of the situation.

County commissioners, sitting as a board of appeals, had very few complaints from property owners of the fourth ward yesterday. On Monday there were few complaints from the third ward. The next ward to be heard will be the fifth, for which the hearing has been set for Friday, January 26th. Two more days and the board of appeals will have completed its work. The seventh ward will be heard on January 31, and the eighth on January 31.

In three weeks candidates for offices at the spring primaries may circulate petitions. There still seems to be considerable uncertainty as to how many candidates there are going to be for congress in this district.

Sely of Wilmington township, have been issued by the register and recorder to Grace Sely. Letters of administration have been issued to Charles S. Barnett in the estate of the late Mary E. Calkins, of this city.

County Treasurer William O. Pitts reports that almost daily people come to his office to pay their 1934 county tax, not knowing that the tax has not yet been levied. The county commissioners are awaiting a compilation of the books of the county assessors before they set the tax millage for the ensuing year.

In the case of the Citizens National bank of Ellwood City, use of W. S. Fisher against E. C. and Margaret Porter, Judge James A. Chambers has handed down an opinion in which a petition to stay an execution is dismissed and the sheriff is directed to proceed with the sale of a property. This was a case brought under a recent act giving the court the right to stay executions which would work unnecessary hardships. The defendants in this case had executed a bond and mortgage for \$3000, which was assigned later to the use of plaintiff. Judgment was confessed on the bond. Defendant then asked that the writ be stayed on the grounds that the property is reasonably worth \$9000, and that to sell it under present conditions would work a great hardship. In an answer filed to defendant's petition to stay writ the plaintiff maintained that \$500 would be a reasonable price for the property, and that in addition to the face of the mortgage there was interest and back taxes. Plaintiff also stated that he is engaged in the contracting business, and that his work has not been held up because he could not get money with which to employ labor. The court holds that while the defendant denies averments by the plaintiff, the denial is not supported by testimony. Such being the case the defendant is not in a position to ask the court to exercise its equitable powers in his behalf. The petition to stay the writ is therefore refused.

Three-Cent Rate For Postage Is Firmly Defended

(International News Service)
WASHINGTON, Jan. 25.—The post office deficit may be cut to \$1,958,000 during the fiscal year ending June 30, the House appropriation sub-committee on the post office bill was informed by postal officials in hearings made public today.

A rise in the deficit to \$17,359,394 next year is anticipated with modification of the economy program and pay cut.

A vigorous defense of the three-cent inter-city postal rate was made by officials of the department. The estimates of return are based upon continuance of this rate, which is said to yield \$60,000,000 a year.

Reduction of the rate from three to two cents for local mail, the committee was told, cost the department \$17,000,000 a year and failed to increase business.

Mid-Year Conference Of Sabbath Schools

Mid-Year Efficiency Conference Will Begin With A Dinner Tuesday, January 30

The Mid-Year Efficiency Conference of the Lawrence County Sabbath School Association will be held at the First Christian church, New Castle, Pa., Tuesday, January 30th, starting with a noon dinner and a conference period following. The speaker will be R. Stanley Kendig, the Leadership Training Director of the Pennsylvania State Sabbath School Association at Philadelphia.

The chief matter of discussion at the conference will be a question of standards as regards both the Sabbath school, the district and county organizations.

The district and county officers who are not able to be present are permitted to send a substitute, and this should be done as the attendance at this conference is one of the points in the standard to be met. Husbands who are district or county officers are invited to bring their wives; wives who are district or county officers are invited to bring their husbands and all are invited to bring any guest or friend who is actively interested in Sabbath School work.

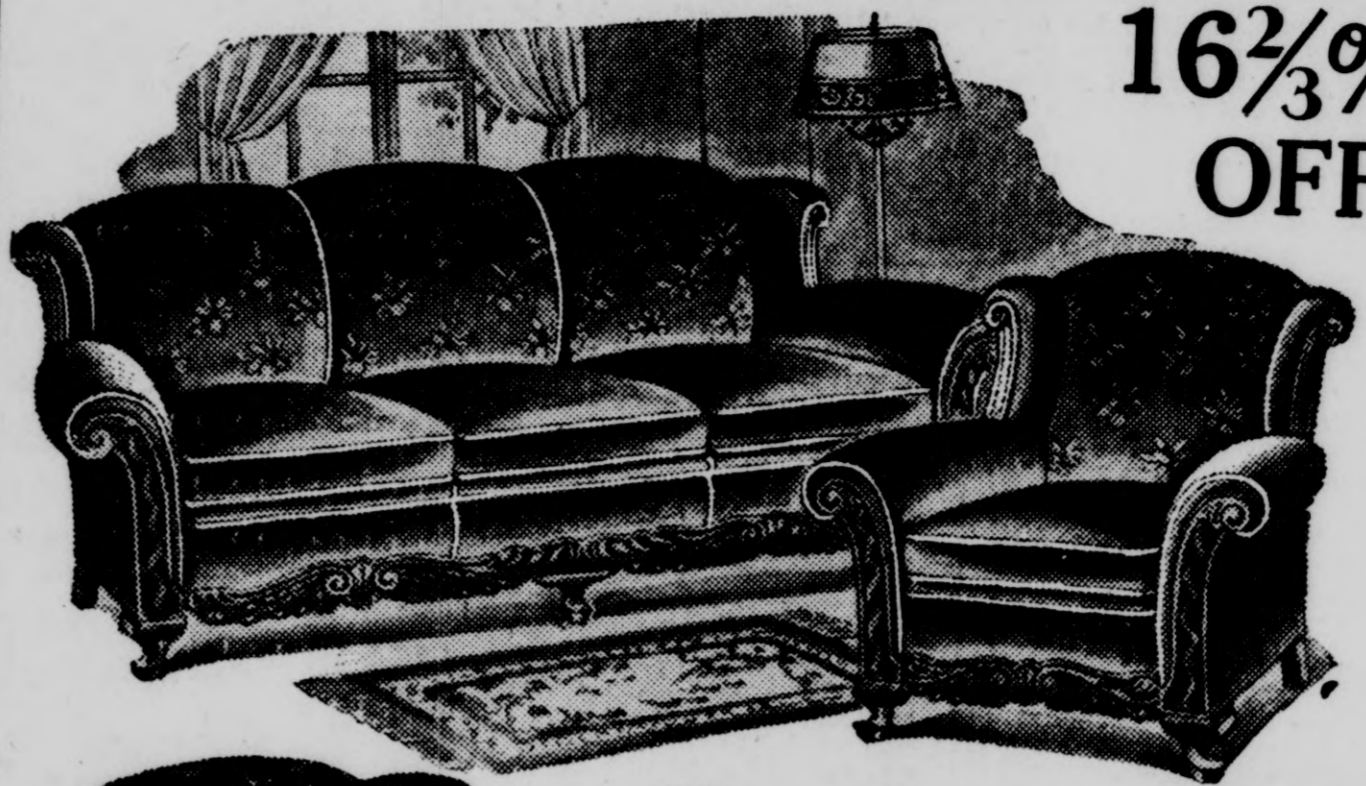

Bootleggers Out Of Luck
One Man Has 2,000,000 Gallons Of Illegal Liquor, Can't Sell Drop Of It Legally

(International News Service)
WASHINGTON, Jan. 25.—Bootleggers can't turn illicit liquor into legal liquor, Secretary of the Treasury Morgenthau has decided. He told the House appropriations committee that many bootleggers and rum runners—one had 2,000,000 gallons of liquor—offered to pay the tax and sell the liquor legally. Morgenthau held a moral question was involved and refused to issue permits to them.

Temple Israel Friday Service

Rabbi Will Review Edmond Fleg's Book, "The Land Of Promise" As Discourse

Temple Israel, Highland and Moody avenues, will conduct its next regular service on Friday evening, January 26, at 8 o'clock, Rabbi Av-

ery Jonah Grossfield officiating. The discourse will consist of a review of Edmond Fleg's latest book, "The Land of Promise."

The Saturday morning schedule includes religious school classes at 9:30 o'clock, religious services at 11 o'clock and singing period at 11:30 o'clock. Natalie Ebrlich of class IV will take part in reading the prayers during the services.

The flowers that will adorn the pulpit this week end have been offered by Mr. and Mrs. Ben Brown, in loving memory of their mother, Catherine Brown, the anniversary of whose death occurs this week. Contributions to the Temple Israel Floral Memorial Fund have

been received from Mr. and Mrs. Ben Brown, in loving memory of their mother, Catherine Brown, and Mr. and Mrs. Marcus Feuchtwanger in loving memory of their brother, Solomon H. Sunstein, the anniversary of whose death occurs this week.

After the Friday evening services, the members and friends will enjoy an hour of fellowship in the vestry rooms of the Temple. Mr. Jonas Kaufman will act as host for the evening.

Use a fine needle and silk thread when basting on velvet. Cotton thread will leave marks, and a large needle disturbs the nap.

HEROISM OF WARREN, PA. MAN RECOGNIZED

Carnegie Hero Award Is Made

Widow Of Man Who Lost Life In Attempted Drowning Rescue Gets Allowance

AWARDS ARE MADE TO OTHER HEROES

(International News Service)
PITTSBURGH, Jan. 25.—Albin E. Hultberg, 46, of Warren, Pa., who died attempting to save a drowning woman in the Allegheny river last July, today was one of 15 persons recognized for heroism by the Carnegie Hero Fund Commission.

A bronze medal and death benefits at the rate of \$70 a month were awarded to Hultberg's widow.

Hultberg, a machinist, was one of six heroes recognized by the commission who lost their lives. Although he had not been swimming for years and was fully clothed, he went to the rescue of Mrs. Ella Goodard, 34, when the boat in which she and three men were riding capsized in the Allegheny river at Warren.

Both Drowned
After a struggle in midstream, Hultberg towed the woman to a

point about 80 feet from shore, where both sank and were drowned. Two of Mrs. Goodard's companions swam to safety, but the third was drowned.

Two silver medals and thirteen bronze medals were awarded in all to persons throughout the United States. To the dependents of four of the heroes who lost their lives, pensions aggregating \$3,240 a year were granted, while to the dependents of the two others whose heroism cost them their lives, sums aggregating \$1,500 were granted.

Four other cases were allotted an aggregate of \$2,000 for educational purposes, and in three cases awards aggregating \$2,300 were made for the purchase of homes or "other worthy purposes."

COUNTY GETS CASH FROM SLOT MACHINES

MERCER, Pa., Jan. 25.—Judge J. A. McLaughry signed an order today directing Detectives Leyshock and Thomas to pay over to County Treasurer Lawrence \$13.35 in cash found in the slot machines taken in a recent raid.

The money was in "jack pots" and the order directs that in view of the fact that there has been no claim made for the machines, the money be turned over.

Income Taxpayers Must Report Aid In Making Returns

(International News Service)
PITTSBURGH, Jan. 25.—In order to place responsibility for errors and fraud, the federal government Wednesday asked all prospective income tax payers to state whether they

had received professional assistance in making their returns for 1933. About 200,000 blanks, returnable March 15, are being sent out from the office of Collector of Internal Revenue David L. Lawrence to those who filed returns last year.

Now! Ease Sore Throat Instantly!

- Crush and dissolve 3 Bayer Aspirin Tablets in half a glass of water.
- GARGLE thoroughly—throw your head back, allowing a little to trickle down your throat.
- Repeat gargle and do not rinse mouth, allow gargle to remain on membranes of the throat for prolonged effect.

Remember: Only Medicine Helps Sore Throat

Modern medical science now throws an entirely new light on sore throat. A way that eases the pain, rawness and irritation in as little as two or three minutes!

It requires medicine—like BAYER ASPIRIN—to do these things! That is why throat specialists throughout America are prescribing this BAYER gargle in place of old-time ways.

Be careful, however, that you get

real BAYER Aspirin for this purpose. For they dissolve completely enough to gargle without leaving irritating particles.

Many C. W. A. Projects Under Way In County

Driving over the rural districts of Lawrence County just now, gives one an idea of the work being done by the Civil Works Administration. Projects are showing progress and among the projects are a number that are of definite economic value.

Bessemer is one community that has taken full advantage of the CWA. They knew what they wanted out in Bessemer, and the borough authorities agreed to furnish what materials were needed. As a result Bessemer has more work, proportionately, to show than any other community in the county.

There are half a dozen projects in the borough and on the outskirts that will benefit everybody. A new bridge is being built across a branch of the Hickory Creek. The creek itself is being walled and cleaned, to prevent it eating out the bank. A huge retaining wall of limestone is being built at the school. Poland avenue is widened, a bend in the creek has been taken out at the edge of

town making land reclamation possible, and 4000 feet of curbing is being installed.

West Pittsburgh is going in more for street improvement. Several streets are being cut through. Center street is being widened at the edge of the borough, a walk has been cut from the borough down over the hill to the industries and the Hele Hill road is being made passable.

At Mount Jackson a sewer is being installed at the school and an athletic field will come later. In South New Castle borough a huge storm sewer is being installed while out in Scotland Lane sidewalks are being built along the lane for half a mile.

Sunny avenue school is being improved mightily. A retaining wall is under construction, the ground adjoining the school is being leveled and later on it is hoped that shrubbery can be purchased for the grounds. At present the school grounds are bare of trees or shrubbery. The improvement of Union Township high school grounds is nearly completed.

Food And Drug Act Violator Is Facing Arrest

Manufacturer Of Rum-Candy Sold To School Children Will Face Serious Charge

(International News Service) PHILADELPHIA, Jan. 25.—A warrant charging violation of the Pennsylvania food and drug act was issued today for the arrest of Frank Percarpio, of Patterson, N. J., reputed manufacturer of the chocolate-coated rum-candy sold in this city to school children.

Percarpio was named as the maker of the alcohol-saturated sweets by Jesse Hamburger, 31, a new York salesman, who admitted at a police court hearing that he had distributed the rum-candy in Philadelphia. Hamburger was held in \$1,000 bail for court.

Senior High Will See Attendance Go To New Peak Monday

Expect 2,100 In Classes; About 120 Of 191 Graduates Will Return

Three hundred new students, part of them sophomores promoted from junior high classes and part of them juniors who have been pursuing their high school work at the George Washington Junior High School, will move into the Senior High School when the second semester of the 1933-34 term begins next Monday morning. The school attendance will probably be 2,100.

At the building today the last of the semester examinations were given while on Friday the entire student body dismissed from regular classes during the past week because of exams, will return for a regular day of schooling. Grades will be announced tomorrow.

Principal F. L. Orth said that close to 160 post graduate students will attend next semester, about 115 or 120 of that number comprising the seniors who are to be graduated at commencement exercises tomorrow night.

Mr. Orth said the post graduate group will not begin its work until Wednesday morning, January 31.

Kelly Presents New Proposal

Seeks Formation Of National Industrial Adjustment Corporation

(International News Service) WASHINGTON, Jan. 25.—Creation of a \$25,000,000 national industrial adjustment corporation to redistribute urban and rural populations, create employment and finance industry was proposed in the house today by Rep. Kelly (R) of Pennsylvania.

This corporation would absorb the present FWA, CWA, the Federal Emergency Relief Administration, the division of subsistence, home-lands and all other government relief agencies.

The corporation is empowered to organize stabilization enterprises for the purpose of employing surplus labor and capital. It would set up an emergency employment corpor-

ation which would extend work to all persons unable to find employment in public or private industry. A national stabilization payroll would then be established and these individuals would receive wages specified by NRA codes. Public, non-profit or limited cor-

porations would be financed by the NIAC in projects involving slum clearance, home construction, development of power and other specified enterprises providing employment of surplus labor and integration of populations and industries.

New Castle Y Mat Boys Lose

Erie Boys Club Takes Wrestling Meet 15 To 14 Points

LOCAL TEAM LOSES LAST THREE BOUTS

New Castle Y lost by one point to Erie, Boys club in a wrestling meet at the Y. M. C. A., before several hundred spectators last night. It was one of the most successful amateur wrestling shows held in this city. A. Innes, career veteran of Erie, put the meet in Erie's possession when he tossed the local heavyweight, Paul Fabian with a double armlock in two minutes and 55 seconds in the last bout.

Gene Cartwright, local 118 pounder, showed a lot of stuff when he held Mike Campana of Erie to a time of one minute and nine seconds from Bob Craig of Erie; and Johnny George, of the local Y astonished the fans when he won a time advantage bout of 1:06 over Joe Reese who was the former 125 pound state champion. T. H. C. Y. wrestled as lightweights last night. Tony Gennochi, Y. took on Matt Kalista at 135 pounds and dumped the Erie lad in six minutes and 16 seconds with a half-Nelson and crotch hold and Nick George who is one of the best mat artists in Pennsylvania Y circles won from Clat Lewis, state champion by a time advantage of 1:20. They wrestled as junior welterweights.

Ray Baushard, Erie, threw Walter Adams with a body hold in 6:06 in the 165 pound class. Don McCurdy pinned Phil Adams with a half Nelson and body hold in 5:33 in the 175 pound class and A. Innes proved too smart and threw Paul Fabian with a double armlock in 2:36.

Bob Meerman was the referee, Pete Capitola the timekeeper and Brooks and Jones, decision judges.

Pitt Freshman Game Postponed Till Later Date

Faculty Manager Ralph H. Gardner Announces Pitt Freshies Game Is Postponed

Agenda Quintet Defeats Farrell

The scheduled New Castle High school-Pitt Freshman basketball game which had been set for next Monday night at George Washington Junior high has been postponed until a later date, according to an announcement by Faculty Manager Ralph H. Gardner today.

The game was originally set for Tuesday, January 30th, but Mr. Gardner did not want to interfere with the President's Ball on Tuesday, January 30th, and so he set the game for a later date, but Graduate Manager Hagan at Pitt finds that the Pitt team cannot play here on that date.

It is planned to bring the Pitt Panther Freshies here in February or sometime in March. Rowe and Lasky, former New Castle High stars are with the Pitt Freshies.

New Castle Agenda Club basketball team defeated the Farrell Club at the Youngstown Armor floor last night in a Jewish league game. The score was 13 to 12. The game was one of the most thrilling ever played in the league and was won by Rogovin in the last five seconds with a shot from the center of the floor.

H. Levine and Rosenberg played fine basketball for the Agenda Club as did Weiss for the Farrell team. Next week the Agenda Club will meet the Richmans in a Jewish league game.

Tommy Loughran Is Very Confident

"I'll Win Heavyweight Title From Carnera," Tells Mother, Father And Sweetheart

SMART BOXING MAY WIN BATTLE

PHILADELPHIA, Jan. 25.—"Experts like Gene Tunney are predicting I'll lose. That's in my favor. The experts are usually wrong."

With these words of self-assurance on his lips, Tommy Loughran, Philadelphia's veteran heavyweight boxer, left his home town Wednesday, bound for Miami, Fla., where on February 22 he will trade blows with Primo Carnera for possession of the Italian's world championship.

"I'll be back before March with the world title," said Tommy as he waved good-bye from the train window.

Before boarding the train, he kissed his sweetheart, Eleanor Smith, bade farewell to his mother and father, and shook hands with several admirers.

Is Smart Boxer
Smart boxing and a cool head will win the fight for him, Tommy told International News Service.

"My plans for the fight are to get in close and outbox Carnera," he said. "I feel I will experience no trouble in getting across my left jab. I've fought all the big fellows and never found it hard to put the jab over."

"I'm not overlooking the fact that Carnera is a man of tremendous power and a good fighter, but I feel that the boxing ability that has carried me thus far will bring me the heavyweight championship."

Union Prepares For Bessemer On Friday Evening

Crucial Game In County League Will Be Played At Union High Floor

Coach Dave Boyd is sending his Union high basketball team through stiff workouts this week in preparation for the battle that it expects to take place Friday night at the Union high gym, when Coach Fredrick and his Bessemer high team will attempt to stop the winning streak of the Unionites. The girls of the two schools will play the preliminary game starting at 7:30 o'clock.

Both Union and Bessemer are after the county league title this year and are at the top of the heap. The game Friday night should tell the tale. Union has a veteran team this year, and they have been going good.

Titans Defeat Slippery Rock

Without Bennett Westminister Scores 37 To 25 Victory At Slippery Rock

DOUGLASS-SWEENEY ARE HIGH SCORERS

(Special To The News.)
SLIPPERY ROCK, Pa., Jan. 25.—Despite the fact that Wes Bennett was not in the lineup of the Westminister team due to the death of his father in Akron, O., the Westminister Titans swept to a 37 to 25 victory over the Slippery Rock State Teachers college team here last night.

Captain Billy Douglass at the center jumping post and the popular Billy came through with 18 points, while Ray Sweeney, elevated to a starting post at forward for the United Presbyterians, had 15 points.

Titans Take Lead.
The Westminister team led at the first half 26 to 12. In the second half the Teachers came back to life and after several minutes of mediocre playing inserted Stenis into the lineup and the big football man scored four baskets that put the Thompson coached team in the game again. It was the big lead piled up by the towering Titans in the first half that carried them to victory, as Slippery Rock outscored the collegians 13 to 11 in the second stanza.

Stenis, Ortmann and Aird were the big guns in the Slippery Rock offensive attack, with Nickie Uram playing a fine guarding game.

Douglass, Sweeney and Wilhelm had the most points for the blue and white clad Titans. Douglass looked good at center in place of the great Wes Bennett, making Louther's task much easier for the balance of the season, as he is well fortified with forwards and has two fine centers.

This was the second victory of the year for the Titans over the Teachers, the first game having been played at the Westminister floor a few weeks ago.

Bennett's Father Dies At Akron, O.

Westminister Star Basketball Player Receives Sad News From Home

(Special To The News.)
NEW WILMINGTON, Pa., Jan. 25.—T. C. Bennett, father of Wesley Bennett, star center on the Westminister college basketball team, died at his home, 1031 Clark street, Akron, O., on Tuesday night. Death came at night following the Edinboro-Westminister basketball game here in which Bennett played. The Titan center left for his home in the afternoon after the word reached here late Tuesday night.

His father's condition became bad on January 8, the day before the Westminister-Duquesne game in Pittsburgh. Bennett remained home at that time and remained home until late in the afternoon of January 9, when he drove to Pittsburgh and arrived in time for the Duquesne game at the Pitt stadium. It was his father's wish that Bennett return to college and continue his studies, and it was also his wish that Bennett play in the Duquesne game.

Mr. Bennett, a member of the Baptist church, was an employee of the Goodyear Tire Co. in Akron. Funeral services will probably be held Thursday afternoon.

Tommy Goodwin Is Star Golfer

(International News Service.)
PALM BEACH, Fla., Jan. 25.—Who's going to beat Tommy Goodwin in the Miami tournament, he seems to have the current Lake Worth golf tournament at his mercy and only an amazing upset could beat him. He is 13 under even as for the 55 holes he has played in this tournament.

He eliminated H. J. Lamm of Riverside, Conn., five and four yesterday as easily as he has all others and is an overwhelming favorite to win the title.

Duicy Yates, of Rochester, N. Y., who was expected to give Goodwin a battle was himself beaten by K. W. McNeil of Bridgeport, Conn. in a 19 hole match. Yates was handicapped by a sprained wrist.

Blair Strip Steel Night Is Observed By Golfers Of City

Biggest Crowd Of Year In Attendance At Semi-Monthly Social Event

Blair Strip Steel night was observed at the Municipal Course club house, by the golfers of the city last evening, when 165 assembled for an evening of varied entertainment.

It was the largest crowd which has yet attended one of these affairs, and an enjoyable program was put on by Chairman Tucker Nolan, and his boys.

To start the evening off, the formal program was staged with "Disc" Blair, the second, putting on a program of magic which had his audience baffled, as a starter. He accompanied his presentation with a nice line of chatter.

This was followed by Charles Ward in songs, and the Blair Strip Steel Hill Billy Boys, Taylor, Brice, Kelly, and Llewellyn, entertained with songs and instrumental numbers.

The next number was a comedy sketch, "The Barber," by Griff Lewis and Al Candiotto. The Candiotto Brothers in a string duet, closed the program.

Two handsome door prizes were given away during the evening. Fred Gori, being awarded the Blair Strip Steel windbreaker, while Bob King received the handsome cigar lighter.

The later hours of the evening were spent in cards and music, lunch being served in conclusion.

Interesting Facts About The Butterfly

By OWEN PENFIELD FOX

The study of nature lore is one of the most pleasing of pastimes, as well as educational. The watching of the habits of our bird and animal life that inhabits our woods will bring joy, and happiness to your life.

Most nature lovers have a fondness for birds, and spend much time seeking them. This is natural for bird study excels over all other forms of wild life.

But insects offer us many hours of interesting study. Hidden, and in sight in every patch of grass, and on the shrubbery there are always activities going on in the world of insects. There are insects that are a benefit to man, but there is a greater number that does much harm.

The thing that makes insect life interesting is the watching of the different stages in their life. Young birds and animals come into this world resembling their parents, but the young of insects, is so strangely different.

The graceful butterfly, with a body as silky as chenille, and wings with their elegant blended tints, have a strange beginning. They are hatched from eggs into caterpillars, and when the caterpillars are fully developed, then they change into another state, (chrysalids) this is a shell covering that is very hard from which the butterfly moth

breaks out. When the moth emerges from its enveloping sheath its wings and legs are covered with a fine membrane that soon disappears when it is exposed to the air, and when the moth is free of this covering the wings unfold, and the moth takes flight, and in time develops into a beautiful winged creature which exhibit bold colors that are striking, and yet harmonious.

There are over six hundred different kinds of butterflies to be found in the United States, and I name the Monarch butterfly as most enchanting.

We first see the Monarch flying around on strong wings in early spring, and it is interesting to know that when the milkweed plant starts to leaf the Monarch butterfly starts to wing its way northward, laying its eggs on the leaves of the milkweed plant. This shows you how nature works, the eggs laid on the milkweed turn to caterpillars, they in turn get nourishment from the plant, and as the months go on into July the grown butterfly that started laying eggs in the spring, again deposits eggs on the milkweed, and all the while flying towards Canadian territory. In the warm days of September and October they return from their northern flight to visit the sunny clime of the south, where they pass the winter days, and later pass into oblivion.

At a meeting in the home of Louis Mastrangelo at 912 South Mercer street Wednesday, John Meranda was elected president of the Gondoliers Music club of the south side.

This organization is composed of young men interested in music.

The club was started some four years ago. Sam Mangieri was named vice president and Louis Mastrangelo was elected secretary and treasurer. Louis Rozzi was named legal adviser. Following the election of officers the host served delicious refreshments.

Those who are enjoying a vacation from senior high school, New Castle, this week, are Jessie Morrow, Alice Mack and Dorothy Hofmeister.

Calching is the operation of heating an ore or mineral to such a temperature that some of its constituents, such as carbonic acid, or water either mechanically held or chemically combined, are driven off.

To give windows a good polish after washing, rinse chamois in small amount of rubbing alcohol—either full strength or two parts of alcohol to one of water—and polish.

Age is just a gradually increasing awareness of climate.

Quieter TodayAttempts To Continue Ad-
vance In Stocks Meets
With Profit-TakingRAILROAD SHARES
SOMEWHAT EASIER(International News Service)
NEW YORK, Jan. 25.—The stock market turned quiet in the forenoon today as attempts to resume the advance met with profit taking. Trading tapered off as the realization of losses became evident. Losses were small and changes in general were narrow.

Commodity markets also failed to furnish speculators for the advance with any bullish ammunition for resuming the recovery. Wheat, corn and the other grains were fractionally lower in the early dealings. Cotton continued depressed by profit taking and dipped about 40 cents a bale.

Railroad shares were somewhat easier on profit taking with New York Central, Lackawanna, Southern Railway and Union Pacific showing gains. United States Steel, Bethlehem and other steel shares also eased off slightly. American Can and other industrial shares were quiet and generally steady. Rubber shares held around their recent highs. Gold mining and special shares were quiet as were the liquor stocks. Farm equipment and mail order shares turned slightly easier in sympathy with grain.

Modify Income Tax Bill
Drafted By House
Committee(International News Service)
WASHINGTON, Jan. 25.—In a final effort to modify the "soak business" provisions of the \$270,000,000 income tax bill drafted by the house ways and means investigating committee, Secretary of the Treasury Henry Morgenthau today held a conference with the committee behind closed doors.

While the house committee was ready to yield on some of the income tax revisions proposed in addition to closing loopholes through which the wealthy have avoided taxes, some members insisted on the drastic program.

The Democratic majority on the committee had tentatively agreed to make some concession to the treasury. Modification of the proposal to arbitrarily reduce depreciation allowances 25 percent and continue consolidated returns was tentatively approved. Under the latter plan, however, the committee would increase the penalty for consolidated returns to two percent. This, according to some witnesses, would destroy the value of this type of return.

The treasury was insistent upon a requirement that single tax returns be required for husbands and wives, which the treasury estimates would yield \$40,000,000 additional revenue a year.

Lied In Court(International News Service)
DETROIT, Jan. 25.—Abraham Fein lied in his testimony against Joseph "Red" O'Riordan, alleged leader of a gang of kidnapers, Judge Thomas M. Cotter today told his jury as it began deliberations in the sensational kidnap trial.

Judge Cotter ended his charge to the jury with the words: "There is no doubt in the court's mind that Abraham Fein lied. Fein admitted lying, because he was afraid. It doesn't make any difference why he lied—he is a liar. For that reason you may throw out all or any part of his testimony."

CHICAGO, Jan. 25.—Pound guilty of stealing the love of policeman Norman E. Nottingham, Mrs. Myrtle Tanner Blackledge, former collector of internal revenue, must pay the \$7,500 damages awarded Mrs. Susanne Nottingham or face the prospect of a stay in jail.

After six hours of spirited debate the superior court jury which heard the spicy testimony of the patrol wagon driver's wife returned its verdict finding Mrs. Blackledge guilty of husband-stealing last night.

Mrs. Nottingham had valued the affections of her husband at \$100,000, but the jury awarded the plaintiff \$7,500 damages.

"Why, I haven't got 75 cents," she exclaimed upon learning the verdict. "I'll have to go to jail."

Legion Of Honor

nished At Meeting Last
Evening

Last evening's meeting of the Legion of Honor was featured by a splendid program of entertainment in addition to the regular business session.

The Terrace avenue school Harmonica Band, under the direction of Miss Emma Gibbons, furnished a number of clever numbers, while a program was also presented by the Honolulu Conservatory players and entertainers.

Ivor Richards gave a report on the President's Ball, and the organization voted to purchase five tickets.

Castlewood To

Night

Castlewood is preparing for a big night. A night of spelling and spelling, of lying and pieing, and the night is Friday, January 26, which you will find on your almanac means tomorrow night.

The affair will be a combination social, pie eating contest, musicale, spelling bee and CWA meeting and is sponsored by the Castlewood Night School class. The Castlewood Community Organization is joining in the affair and folks for miles around are expected to be in the school building Friday night.

A medal is being struck off, or whatever they do about medals, and the champion liar of 1934 and the lad who tells the biggest whoopee will take down the medal. It promises to be good.

CHICAGO, Jan. 25.—Fighting their way through and over eight miles of grinding, broken ice, two coast guard surf boat crews were attempting today to rescue two fishermen, adrift on a huge ice field on Lake Huron, off Charity Island, Michigan.

The two men, both from Charity Island, were fishing on the ice in Saginaw Bay, several hundred yards from shore when the ice field broke away from the shore. A strong wind carried the ice floe out into Lake Huron.

Remodelling At
The CastletonCoffee Shop Room To Be Con-
verted Into Modern
Restaurant

Workmen are busily engaged at the present time in the remodelling of the room in the Castleton hotel formerly occupied by the coffee shop. The room is to be converted into a first class restaurant, according to Thomas Boyle, manager, with the appointments in modernistic style.

The hotel has just completed the installation of a modern steam laundry in the basement thus insuring guests prompt service in the laundering of their garments. In addition the hotel now does all its own laundering which will be a savings.

The Castleton has never been in sounder shape than it is at the present time. Tourists have learned of the excellence of Castleton food and service and with the World's fair scheduled for next summer again, Mr. Boyle is looking forward to a busy season.

To Impress(International News Service)
COLUMBUS, O., Jan. 25.—The charge of Dr. O. F. W. Ellis, recently resigned member of the faculty of Western Reserve university, that the state universities in the United States are in a deplorable condition due to the influence of athletics and politics was characterized as "not worthy of comment" here today by Dr. George W. Rightmire, president of Ohio State university.

Dr. Ellis, charges were contained in an interview at Toronto published yesterday. He said that the University of Wisconsin was a "possible exception" to his remarks.

Ohio State university particularly bore the brunt of Dr. Ellis' criticism. There, he told his interviewer, he found that the students were passed on an "escalator system". Political interference would bear down on the professor to "flunk" a student, he said.

"The professors' intelligent and qualified men, viewed the situation philosophically," said Dr. Ellis. "They realized they must resign themselves if they wished to keep their positions."

"I had a lot of ignoramus but to have stayed on the staff would have cost me my professional self-respect."

Woman Is Killed

By Auto While Cross-
ing Street(International News Service)
ERIE, Pa., Jan. 25.—Mrs. Clara L. Harris, 70, of Detroit, was instantly killed here today when struck by an automobile while crossing a street.

She was the second Michigan woman to die from auto accident injuries here in less than 24 hours. Mrs. Louis Hofmaister, 37, of 383 Highland avenue, Benton Harbor, Mich., died in Hamot hospital from injuries received a week ago when the car her husband was driving skidded and rolled over.

Mrs. Harris, who was visiting her daughter, Mrs. Ella Rooney, was returning from a church when struck by a car driven by Robert Pelton, 21, Erie. Pelton said the accident was unavoidable because he failed to see Mrs. Harris.

The ace with his young air enthusiasts

Believing that the entire future of aviation in the United States depends on the early training of boys and girls, Roger Q. Williams, veteran air hero, has organized a New York group of youngsters in what he plans as the nucleus of a national organization. Pictures show some of the 500 boys and girls who are being taught fundamentals of flying at Floyd Bennett Airport in after-school hours. They range in age from seven to eighteen and are divided into squadrons. "We'll educate youth on aviation to a point not dreamed of today," says Williams. (Central Press)

State Treasurer Says \$10,000,000 Can Be Lopped Off Tax Burden

(International News Service) CARLISLE, Pa., Jan. 25.—A three-pointed plan for readjusting a "seventeenth century government attempting to pull a twentieth century load" stood outlined today by State Treasurer Charles A. Waters as the nucleus of a program for the 1935 legislature.

Declaring that \$10,000,000 a year could be lopped off Pennsylvania's real estate tax burden without curtailing a single useful function, Waters, a potential Republican gubernatorial candidate, told the Cumberland County Taxpayers Federation he would recommend:

Elimination of the state's 1,515 second class townships, each of which elect 16 public officials.

Consolidation of thinly-populated counties.

Elimination of many of the state's 934 boroughs, 304 of which have a population less than 500 each, which elect about 25 public officials each.

At first glance one mistakes it for a Colorado Blue Spruce, but examination shows heavier, longer needles. The tree is the property of Chief of Police Archie Shoup and was bequeathed to him by an old man out there several years ago. A tree expert recently examined the tree and said that in his opinion it was well worth five hundred dollars. But you can't buy it at any price.

Distribution Of Clothing May Be Ended By Red Cross

Supply Is Nearly Exhausted And State May Take Over Work Here

Distribution of clothing by the Lawrence County Chapter American Red Cross, may be brought to a close in the near future, it was learned today. A special meeting has been called by Chairman Julius Blaha for next Monday evening, when the matter will be discussed.

The supply of clothing in the chapter's storehouse is almost exhausted, and in many cases consists of odd sizes which are not often demanded.

If the work is stopped by the Chapter, it will likely be taken over by the State Relief Force here.

Another Hitch In Honeymoon Plans At Tokyo

(International News Service) TOKYO, Jan. 25.—Another hitch in the world honeymoon of Prince Alexis Meivani and the former Barbara Hutton, Woolworth heiress, developed today.

Japanese quarantine officials announced they would hold the S. S. Tatsuta Maru, on which Barbara is arriving here to rejoin the prince, until noon Friday for the purpose of examining a scarlet fever patient aboard.

All passengers will be denied permission to land until the patient has been thoroughly examined, and it was indicated the prince's request to board the ship in quarantine would be denied.

Report Phillips Will Announce State Candidacy

Expect Butler Man Shortly To Announce For Republican Nomination For Governor

(International News Service) HARRISBURG, Jan. 25.—Thomas W. Phillips, Jr., of Butler, will announce his candidacy for the Republican nomination for governor in the next week, according to reports in well-informed circles here Wednesday.

Phillips, an oil operator, recently declined an appointment by Gov. Gifford Pinchot to a place on the state liquor control board.

It was reported at the time he had senatorial aspirations but according to new reports, he will seek gubernatorial honors.

Phillips' announcement was expected to be made before next Tuesday evening when a dinner is to be held at Pittsburgh in honor of State Senator Frank Harris, of Allegheny county. The dinner is expected to develop into a gubernatorial boom.

Since none of those prominently mentioned for the nomination have made formal announcements, Phillips may be the first to do so.

In 1930 he was the "wet" candidate for the Republican nomination for governor in opposition to Gov. Gifford Pinchot and Francis Shunk Brown, of Philadelphia.

BEAVER Townships

GOLDEN WEDDING

A social event of more than usual interest occurred on the evening of January 9, 1934, when almost 200 friends and neighbors gathered in the home of Mr. and Mrs. William

Davidson, Sr., of Little Beaver township, Lawrence county, to help them celebrate their fiftieth wedding anniversary.

William M. Davidson and Amanda S. Patterson were married January 9, 1884 by the late Rev. Samuel Patterson, then pastor of the Rocky Springs United Presbyterian congregation.

Mr. Davidson was born and has lived his entire life on the farm he now resides. Mrs. Davidson was born about one half mile from their present home.

One son William Davidson, Jr., of Little Beaver township, two daughters, Mrs. C. A. Forsythe of New Galilee and Mrs. George B. Raney of North Beaver township were born to them.

They also have seven grandchildren all present on the happy occasion.

Mr. and Mrs. Davidson wish to thank every one for their presence and also for the beautiful gifts and the many cards of congratulations which they received. It was an evening they will remember with pleasure all the rest of their lives.

To All Who Suffer Stomach Agony, Gas and Indigestion

Money Back If One Bottle of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used

Why bother with slow actors when one tablespoonful of this splendid and pleasant liquid remedy will cause gas, bloating, heaviness, heartburn or any upset condition of the stomach to speedily vanish.

And why should any man or woman suffer another hour with indigestion or any stomach misery when the remedy that acts almost instantly can be easily procured?

But there is more to say about this remarkable remedy—something that will interest thousands of despondent people.

Dare's Mentha Pepsin not only quickly relieves stomach distress, but it also conquers stubborn indigestion, dyspepsia and gastritis, and puts an end to dizziness, nervousness, headache, sleeplessness and despondency which distressing troubles are nearly always caused by severe stomach disturbance.

Dare's Mentha Pepsin is a supremely good remedy that Eckerd's Drug Store and druggists everywhere guarantee. It is a fine tonic that builds you up and makes you work with vim, eat with relish and sleep soundly.

Mahoning Grange

ENJOY WEEK'S PROGRAM

Master Harold Hoyer, newly installed, presided over Mahoning Valley grange's regular meeting this week at which letters from State Master J. Audley Boak and Governor Gifford Pinchot were read.

During the meeting two officers of Mahoning's subordinate grange who were unable to attend the installation service a short time before were inducted formally by Past Master Fred Knoll, who had been instructed to do so earlier. They were Vera Cover, as Ceres, and Vera Cox as treasurer.

In the absence of the pianist, Catherine Byler, Miss Elma Robinson presided for the evening.

The women, records show, are excellent men insofar as attendance is concerned.

The following program was given at the meeting by the new lecturer, Mrs. Belle Simon:

Explanation of thrift—Mrs. Belle Simon.

Song, "Stiffting"—By the grange.

Paper, "Thrift in the Home"—Mrs. Jane Walters.

Reading, "Taking Aim"—Leslie Whiting.

Paper, "The Pure Food and Drug Bill"—Mrs. Florence Ailey.

A skit, "Budgeting"—Cast included Mr. and Mrs. C. C. Stump, Mr. and Mrs. D. M. Baird, George Hudson and the following juveniles: Dorothy Paden, Billy Baird, Leon McClenahan, Betty Baird, Leslie Whiting, Billy Cox and Bobby Hink.

Song, "Work for the Night is Coming"—Grange.

An oyster supper is planned by the grange for the near future.

Boak Will Conduct Westfield Program

State Grange Master To Lead Ritualistic Study On January 29th

At their next regular meeting on Monday evening, January 29, the members of Westfield grange will be given the opportunity of studying the ritualistic work of the grange under State Master J. A. Boak.

The lecturer has arranged a method of study that should prove a very enjoyable evening's entertainment. It is the desire to make this meeting not only more instructive but also more entertaining than the meeting that was held last year.

A date for a grange dinner to be held soon will be arranged.

"Help" should not be followed by "but" when used in the sense of avoid; should be followed by a gerund. Say "I can't help regretting", not "I can't help but regret".

Tunics are the rage in Paris. They have captured the town. Imagine an etruscan red tunic, quilted and trimmed with black satin, worn over

a black wood skirt.

Make this lip test

LOOK at them...and your cheeks, too, without make-up. Do they possess the natural glow of health, which comes from a sufficiency of rich, red blood? If they do, make-up is superfluous. If they don't, read on...you may find one of the reasons why your skin is not clear.

It is well to remember that you cannot have red lips, rosy cheeks, good health, energy and cheerfulness if your blood is in a run-down condition. Lack of hemo-glo-bin, the red coloring of the blood, may also indicate a weakened condition of the body...loss of strength...poor appetite.

Neglect of diet, worry, overwork, colds or sickness, frequently break down and retard the natural development of the red-blood-cells and their oxygen-carrying hemo-glo-bin.

Why not set in motion the rebuilding of those all-important blood-cells instead of procrastinating and sacrificing your appearance and the feeling of being well and fit?

S.S.S. is not just a so-called tonic...it is a carefully prepared tonic with special properties designed to stimulate gastric secretions, and also having the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemo-glo-bin of the blood. If your condition suggests a blood and body tonic of this kind, try S.S.S. Its value has been proven by generations as well as by modern scientific appraisal.

Try S.S.S. as a part of your regular daily diet. Take it just before meals. Unless your case is exceptional, you should soon notice a pick-up in your appetite...your color and skin should improve with increased strength and energy.

S.S.S. is sold by all drug stores in two sizes...the large is more economical.
